This manual is here to help those of us experiencing "midlife", showing us how to get the meagre most out of these years and making us feel less alone. It will make you laugh. It may at times even be genuinely helpful.

The fifth Nissan Z car generation, the 350Z Coupe, made its US debut as a 2003 model and was offered with five levels of trim. The Roadsters appeared the following year. The 350Z filled a gaping hole in the market and was greeted enthusiastically. Models reported on are the Coupe, Roadster, GT4, GT-S and Nismo. Included are road and comparison tests, updates, specifications plus advice on acquiring a good used 350Z.

Steers buyers through the the confusion and anxiety of new and used vehicle purchases like no other car-and-truck book on the market. "Dr. Phil," along with George Iry and the Editors of the Automobile Protection Association, pull no punches.

Challenges the philosophical tenets of "Freakonomics" through case studies that demonstrate the theory that the more costly something is, the less of it people will do, in an economic analysis that covers such topics as price discrimination and corporatescandals.

Farm model collecting has become increasingly popular with people of all ages. Britains, a leading manufacturer, have a long and distinctive history of producing these models. This book is the first comprehensive fully illustrated guide for those interested in collecting them. The book describes all the baler and combine models produced by Britains since they were first added to its farm model range 40 years ago, and also provides details of their development. As well as standard models, this includes details and photographs of prototype and rare models. The history is complemented by a catalog describing the main features, differences, issue dates and codes of each model produced. Each is illustrated with six color photographs showing the model from different angles and the issue packaging.

Features recommendations and ratings on hundreds of small, medium, and large-sized cars based on quality, economy, performance, and comfort standards, with judgments on crash protection, and assessments of available options
