"This practical guide is ideal both for teaching future members of the profession about their ethical responsibilities and for reinforcing ethical competence among current professionals. We strongly recommend this book." Jeffrey E. Barnett, PsyD, ABPP W. Brad Johnson, PhD Loyola University Maryland United States Naval Academy Coauthors, Ethics Desk Reference for Counselors, 2nd Edition "Herlihy and Corey's text boosts the reader's ethical understanding leaps and bounds above mere reading of the ACA Code of Ethics. With multifaceted case study examples and an integrated approach to tackling ethical dilemmas, this book is a must-read for students, counselors, counselor educators, and supervisors." Shannon Hodges, PhD Michael Knight Niagara University Graduate Student, Niagara University ACA Ethics Revision Task Force Member The seventh edition of this top-selling text provides a comprehensive resource for understanding the 2014 ACA Code of Ethics and applying its principles to daily practice. Each individual standard of the Code is presented with an explanatory case vignette, and a Study and Discussion Guide is provided at the beginning of each major section of the Code to stimulate thought and discussion. Common ethical concerns, with instructive case studies, are then explored in individual chapters. Topics addressed include client rights and informed consent, social justice and counseling across cultures, confidentiality, counselor competence, working with minor clients, managing boundaries, client harm to self or others, counselor training and supervision, research and publication, and the intersection of ethics and law. Chapters new to this edition examine managing value conflicts and the issues surrounding new technology, social media, and online counseling. The Casebook also contains an Inventory of Attitudes and Beliefs About Ethical Issues to assist counselors in developing a personal ethical stance. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org.

Self-care is critical for effective and ethical counseling practice and this inspirational book offers diverse, realistic perspectives on how to achieve work/life balance and personal wellness from graduate school through retirement. In addition to the authors' unique perspectives as professionals at different stages of their careers, guest contributors ranging from graduate students, to new professionals, to seasoned counselors share their experiences and thoughts about self-care, including what challenges them most. Both personal and conversational in tone, this book will help you to create your own practical self-care action plan through reflection on important issues, such as managing stress, establishing personal and professional boundaries, enhancing relationships, and finding meaning in life.

The second edition of this highly practical and easily understood handbook provides counselors and students with the means to quickly apply the 2014 ACA Code of Ethics to practice and to professional roles and activities. It contains on-point recommendations for each standard of the Code, a decision-making model, and a listing of ethics resources. Part I presents each section of the Code, along with a brief commentary that emphasizes its most essential elements, common ethical dilemmas and problems relevant to that section, and specific strategies for risk prevention and positive practice. Part II contains ethical guidance sections focused on areas that counselors often encounter in their work, including culture and diversity, confidentiality and exceptions to confidentiality, counseling suicidal clients, multiple relationships in counseling, competence, supervision, managed care, termination and abandonment, and how to respond to an ethics complaint or malpractice suit. New to this edition is a section titled "Integrating Technology into Counseling Practice." *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org.

Each chapter in The Counselor and the Law has been updated to reflect changes in the 2014 ACA Code of Ethics, findings of recent court cases, and new federal and state legislation. Attorney Nancy Wheeler and Burt Bertram, a private practitioner and counselor educator, provide a comprehensive overview of the law as it pertains to counseling practice; an in-depth look at counselors' legal and ethical responsibilities; and an array of risk management strategies. This edition contains a thoroughly updated chapter on distance counseling, technology, and social media; regulatory updates to the HIPAA and the HITECH Act; and recent case law developments regarding legal risks for counselor educators. The issues surrounding civil malpractice liability, licensure board complaints, confidentiality, duty to warn, suicide and threats of harm to self, professional boundaries, records and documentation, and managing a counseling practice are also addressed in detail. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org.

This award-winning, bestselling reference for professional counselors and graduate students is extensively updated and expanded to encompass critical developments that are immediately relevant to the counseling professions, including the 2014 American Counseling Association Code of Ethics, CACREP/CORE accreditation standards, DSM-5, the Affordable Care Act, and many other important changes. It reflects the ongoing consolidation of a strong identity for professional counselors and the need to address mental health and other counseling concerns amidst marked socio-cultural changes. The only resource of its kind, it is an extremely useful guide for counseling students working toward licensure and certification as well as experienced counselors, counselor educators, clinical supervisors, psychologists, and social workers. The second edition offers a unique interdisciplinary approach inclusive across all counseling disciplines and features contributions from over 110 highly regarded experts in counselor education, research, and practice. It is based on the core content and knowledge areas outlined by CACREP and CORE accreditation standards and disseminates, in 93 chapters, both contemporary insight and practical strategies for working with the complexity of real-life issues related to assessment, diagnosis, and treatment of diverse clients. New chapters address military and veteran health issues; evidence-based practice for training; counseling transgender individuals, partners, and families; counseling caregivers; social justice; and so much more. In addition to being a quick-access resource for all counseling professionals, the second edition serves as a concise, accessible reference for graduate students preparing for certification and licensure exams. It features an expanded, comprehensive self-exam of over 340 multiple-choice items based on the CORE/CACREP core content and knowledge areas for counselor education and training. New to the Second Edition: Updated and expanded discussion of the 2014 ACA Code of Ethics Affordable Care Act and its impact on delivery of mental health services Coverage of DSM-5 Promotes an interdisciplinary approach inclusive across all counseling disciplines Includes an expanded self-exam with over 340 study questions for NCE and CPCE prep New chapters on military and veteran mental health issues New chapter on evidence-based practices for counseling New chapter on behavioral health and health disparities in the U.S. New chapter on social justice and health equity issues New chapter on counseling caregivers New chapter on counseling children with psychiatric conditions New chapter on counseling for wellness New chapter on counseling survivors of natural disasters New information on complementary, alternative, and integrative approaches New information on counseling LGBTQ couples, partners and families Key Features: Covers all key foundational content for CACREP/CORE-accredited programs within one volume Provides quick access to a vast compendium of counseling information Edited and authored by leading counseling scholars, educators, and practitioners Relevant across all counseling specialties Updated to reflect 2014 ACA Code of Ethics, Affordable Care Act, DSM-5, and revisions to licensure requirements in many states

This book provides insight into the primary issues faced by older adults; the services and benefits available to them; and the knowledge base, techniques, and skills necessary to work effectively in a therapeutic relationship. Dr. Kampe offers empirically and anecdotally based strategies and interventions for dealing with clients' personal concerns and describes ways counselors can advocate for older people on a systemic level. Individual and group exercises are incorporated throughout the book to enhance its practicality. Topics covered include an overview of population demographics and characteristics; counseling considerations and empowering older clients; successful aging; mental health and wellness; common medical conditions; multiple losses and transitions; financial concerns; elder abuse; veterans' issues; sensory loss; changing family dynamics; managing Social Security and Medicare; working after retirement age; retirement transitions, losses, and gains; residential options; and death and dying. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org.

Focuses on the nuances of ethical and legal standards across disciplines Completely revised and updated to reflect the new 2014 ACA Code of Ethics and current ethics codes in psychology, social work, and marriage and family therapy. This unparalleled text guides helping professionals in the use of ethical decision-making processes as the foundation for ethical approaches to counseling and psychotherapy. The book focuses on ethical and legal challenges and standards across multiple professions emphasizing counseling, and including the professions of psychology, social work, and marriage and family therapy. It not only identifies relevant ethical issues in clinical mental health, rehabilitation, group, school, addictions counseling, and career counseling, it also addresses couple and family therapy, clinical supervision, and forensics. The text illuminates the particular application of ethical standards within each specialty. The book features five new sections that clearly define how ethical standards are interpreted and applied: Privacy, Confidentiality, and Privileged Communication; Informed Consent; Roles and Relationships with Clients; Professional Responsibility; and Counselor Competency. Under the umbrella of each broad topic, the particular nuances of ethical standards within each specialty are analyzed to facilitate comparison across all specialties and settings. The text also addresses current issues in office and administrative practices, technology, and forensic practice that are crucial to school, clinical, and private practice settings. Compelling case studies illustrate the connection between ethical decision-making models and ethical practice. Learning objectives, a comprehensive review of scholarly literature, and a robust ancillary package for educators contribute to the fourth edition's value for use in upper-level undergraduate and graduate classrooms. New to the Fourth Edition: Comprehensive reorganization and reconceptualization of content Reflects new 2014 ACA Code of Ethics Includes five new chapters on Privacy, Confidentiality, and Privileged Communication; Informed Consent; Roles and Relationships with Clients; Professional Responsibility; and Counselor Competency. Emphasizes specialty practice organized by professional standards Facilitates comparison of standards across disciplines Addresses new issues in office, administrative, technology, and forensic practice Key Features: Delivers an unequalled overview of ethical decision-making in counseling and psychotherapy Defines how ethical standards are interpreted and applied in specialty practice Describes how to avoid, address, and solve serious ethical and legal dilemmas Includes learning objectives, case studies, and scholarly literature reviews Offers robust ancillary package with Instructor's Manual, Test Bank, and Power Point Slides

Pamphlet is a succinct statement of the ethical obligations and duties of individuals who enter the nursing profession, the profession's nonnegotiable ethical standard, and an expression of nursing's own understanding of its commitment to society. Provides a framework for nurses to use in ethical analysis and decision-making.
