David Newhardt. The Pontiac Firebird was originally overshadowed by the popular Chevrolet Camaro, but the Firebird developed a loyal following and a reputation for true high-performance to earn a high-profile spot in muscle car history. It also had a role in pop culture as Burt Reynolds drove a Trans Am in *Smokey and the Bandit* and young David Hasselhoff took direction from his talking Trans Am in *Knight Rider*. While 1970s environmental and insurance interests emasculated most muscle cars, the Trans Am made a defiant last stand. In 1973, Pontiac introduced the mighty Trans Am Super Duty 455, one of the fastest muscle cars ever. The high-performance, high-profile history of the Firebird Trans Am is presented here along with stunning color photos of choice models.
