you prepare for exams with confidence. - Identify key content for the exams with our concise summary of topics - Find out what examiners are looking for with our Questions and Answers section - Test your knowledge with rapid-fire questions and answers - Avoid common pitfalls with clear definitions and exam tips throughout - Reinforce learning with bullet-list summaries at the end of each section

Covers the Cambridge IGCSE syllabus (0455) and the Cambridge O Level syllabus (2281), first examination from 2020. This series helps students understand economic theory, terminology and principles. It matches the Cambridge IGCSE and O Level Economics syllabuses. The coursebook helps students apply tools of economic analysis, make judgements on economic issues, use basic economic numeracy and literacy, and take greater part in decision-making processes in everyday life. Sample questions provide opportunities for students to develop their evaluative skills. It provides a foundation for advanced study in Economics such as A Level. Answers to the coursebook and workbook questions are in the teacher's resource.
