Slice of Heaven was so good, my family and I went twice during our two-day stay in Jamestown! While the food was delicious and just what you would expect from a cozy bayside diner (that is to say, comfort food), it was the service which... really set them apart. Both times we went, the staff were friendly, accommodating, and looked like they genuinely enjoyed what they were doing.

When one of the largest earthquakes in history hits Lisbon on All Saints ' Day 1755, Cecília de Santa Rita e Durante ' s life is turned upside down. With her family possibly dead, she must wade through the ruins that were once her home with the help of John Bates. The English Protestant represents everything she was taught to hate, but he is her only hope of making it through the newly destroyed Lisbon. Faced with both unspeakable tragedy and an unexpected miracle at home, Cecília leans on John for support. When he leaves, she is forced to reconcile her feelings for him with her long-held beliefs. Left carrying a torch for a man she never should have met, she's cast into a web of deception, religious upheaval, and political intrigue that leaves her on even shakier ground. The Stars of Heaven explores a clash of cultures between the European Age of Enlightenment and the Portuguese Inquisition as Cecília navigates the uncharted waters of her new life.

On an out-of-the-way Virginia country road, four generations of the Woodruff family struggled and overcame the odds to create Woodruff's CafE and Pie Shop, home of what Southern Living magazine called "the best apple pie ever (yes, really ever)." Murder With a View is the third book in the delightful cozy mystery series from Diane Kelly set in Nashville, Tennessee—where the real estate market is to die for... A DREAM PROPERTY Carpenter Whitney Whitaker, her cousin Buck, and guard-cat Sawdust just scored a hot property near downtown Nashville in a tax sale. While the Music City Motor Court might not be much to look at now, the two plan to transform the motel ' s twelve units into six one-bedroom condominiums with popular mid-century styling. But surprises await when Whitney discovers a squatter living in Room 9 and her cat Sawdust uncovers a body in the bed next door. A LIVING NIGHTMARE The murder victim is none other than Beckett Morgan, an up-and-coming country-western singing sensation who ' s taken Nashville by storm with his number-one hit “ Party in the Pasture. ” Beckett ' s left a long trail of broken promises and broken hearts, and the list of suspects seems endless. So does the line of female fans intent on halting the flip and turning the construction site into a shrine for the deceased star. If Whitney and Buck don ' t help Detective Collin Flynn nail the killer, they ' ll never be able to clear out the star-obsessed groupies, complete the remodel, and recoup their investment. But just who silenced the singer and why?

There was once a time when J.P. and Nola Girdner must have felt that their entire lives had become unraveled. Confused, saddened, disappointed, and frightened, the couple

discovered a serious health problem that would shake up their lives forever. The Girdners, along with their four children, would have to pull up stakes and leave everything that was familiar: their home, farm, church, and friends, and move to an unknown place, knowing that they would have to completely rebuild their lives, and they faced questions that few people would ever have to confront. Placing their trust in the God that they had so faithfully served, the Girdners set out on a thousand-mile journey that would take them to the wild Arizona Territory, where they eventually settled on 90 acres of undeveloped land along the banks of lower Oak Creek. Through years of grueling, difficult work, the Girdners began to build a ranch that would be their home for the rest of their live

In *The Blues of Heaven*, Barbara Ras delivers her characteristic subjects with new daring that both rattles and beguiles. Here are poems of grief over her brother ' s death; doors to an idiosyncratic working-class childhood among Polish immigrants; laments for nature and politics out of kilter. Ras portrays the climate crisis, guns out of control, the reckless injustice and ignorance of the United States government. At the same time, her poems nimbly focus on particulars—these facts, these consequences—bringing the wreckage of unfathomable harm home with immediacy and integrity. Though her subjects may be dire, Ras also weaves her wise humor throughout, moving deftly from sardonic to whimsical to create an expansive, ardent, and memorable book.
