"Something's Alive In There!" She was just a little girl, with a tiny horn in the center of her forehead, funny-looking feet, beautiful silver hair, and several curious powers: the ability to purify air and water, make plants grow, and heal scars and broken bones. A trio of grizzled prospectors found her drifting in an escape pod amid the asteroids, adopted her, and took her to the bandit planet Kezdet, a place where no questions are asked and the girl might grow up free. But Kezdet has its own dark secret. The prosperity of the planet is based on a hideous trade in child slave labor, administered by "The Piper" -- a mystery man with special plans for Acorna and her powers. But free little girls have a way of growing into freedom-loving young women, and Acorna has special plans all her own. . .

Filled with adventure and wonder, Acorna's Peoplecontinues the enthralling saga of Acorna, the beautiful, brave, and kindhearted creature known as the Unicorn Girl. "Welcome Home, Linyaari Child!" With the help of her "uncles" and the thousands of humans who love and admire her, Acorna has found her true people, the peaceful, telepathic Linyaari. But Acorna still has much to do before she can enjoy her new home. The legendary resting place of the lost Linyaari ancestors has yet to be found. And with the help of a rogue spacetrader and his feline sidekick, Acorna must strive to right an unspeakable wrong and defeat an enemy even crueler than the Khleevi. Along the way, she will at last uncover the Universe's most carefully guarded secret--the true nature of the ancient link between the Linyaari and the space-faring humans she has also come to think of as her "people."

HTML: Beloved by millions of readers, Anne McCaffrey is one of science fiction's favorite authors. Writing with award-winning author Elizabeth Ann Scarborough, she has created the bestselling Acorna series focusing on the adventures of the brave unicorn girl. Now the exciting saga of the next generation begins. First Warning Khorii, daughter of the near-mythic Acorna and her lifemate, Aari, must contend with an overwhelming legacy to forge a path of her own through a universe filled with new adversaries and adventures. A simple journey home to visit her parents turns into a race against time when Khorii happens upon a derelict spacecraft drifting in space, its crew dead in their seats. But this gruesome discovery is only a dread harbinger -- a deadly plague is spreading across the universe and not even the healing powers of the Linyaari can slow its horrific advance. Khorii, one of the few unaffected by the outbreak, must find the nefarious perpetrators and a cure before the disease consumes all in its path -- including her beloved parents. .

Acorna, the "unicorn girl" has made peace with her Linyaari past, and aboard the interplanetary salvage vessel Condor she is finally free. But dread overtakes her when a distress signal summons Acorna and her companions to a nearby planet. For among the myriad wonders of this world of sentient plants and intoxicating perfumes are unmistakable signs that everything Acorna holds dear is in peril. A promise of world-shattering devastation is in the celestial winds-and impending catastrophe at the claws of the cold-blooded insectile race that seeks to eradicate all Linyaari and human life from the galaxy...the Khleevi!

"I must find my own kind!" Found as an infant drifting in space, Acorna, the Unicorn Girl, has become a young woman. She still has her tiny, translucent horn, and her "funny" feet and hands. And, she still has her miraculous ability to make plants grow and heal human sickness. But Acorna has strange dreams of a gentle folk who mind-speak by touching horns. With her "Uncle" Calum, one of the three grizzled asteroid prospectors who rescued, protected, and raised her, she sets off to find her people. No sooner does she leave than a mysterious craft appears, piloted by the Linyaari, a gentle race with telepathic powers. The Linyaari are roaming the galaxy, spreading the alarm about the deadly Khleev--And searching for a beloved little girl they had given up for lost, long ago...

The homeworld Acorna has never known was horribly scarred in the brutal attack by the cold-blooded Khleevi, but the Linyaari -- the unicorn girl's gentle, spiritual race -- live on. Now is the time for healing and rebuilding, for restoring the natural beauty corrupted by the savage insectile oppressors. But Acorna's Linyaari friends and colleagues begin mysteriously disappearing soon after work gets under way, among them her beloved Aari. And her desperate search for answers will lead courageous Acorna to a shocking discovery beneath the surface of her people's world -- and deep into the realms of limitless space, where the truth of the origin of everything awaits.
