'A dazzling intellectual performance' Vogue Against
Interpretation was Susan Sontag's first collection of essays
and made her name as one of the most incisive thinkers of
our time. Sontag was among the first critics to write about the
intersection between 'high' and 'low' art forms, and to give
them equal value as valid topics, shown here in her epoch-
making pieces 'Notes on Camp' and 'Against Interpretation'.
Here too are impassioned discussions of Sartre, Camus,
Simone Weil, Godard, Beckett, Lévi-Strauss, science-fiction

movies, psychoanalysis and contemporary religious thought. Originally published in 1966, this collection has never gone out of print and has been a major influence on generations of readers, and the field of cultural criticism, ever since. 'Sontag offers enough food for thought to satisfy the most intellectual of appetites' The Times

First published in 1966, this celebrated book--Sontag's first collection of essays--quickly became a modern classic, and has had an enormous influence in America and abroad on thinking about the arts and contemporary culture. As well as the title essay and the famous "Notes on Camp," *Against Interpretation* includes original and provocative discussions of Sartre, Simone Weil, Godard, Beckett, science-fiction movies,

psychoanalysis, and contemporary religious thinking. This edition features a new afterword by Sontag.

The author relates her theories of literary criticism to the total aesthetic experience.

Susan Sontag has said that her earliest idea of what a writer should be was "someone who is interested in everything." Thirty-five years after her first collection of essays, the now classic *Against Interpretation*, our most important essayist has chosen more than forty longer and shorter pieces from the last two decades that illustrate a deeply felt, kaleidoscopic

array of interests, passions, observations, and ideas.

"Reading" offers ardent, freewheeling considerations of talismanic writers from her own private canon, such as Marina Tsvetaeva, Randall Jarrell, Roland Barthes, Machado de Assis, W. G. Sebald, Borges, and Elizabeth Hardwick.

"Seeing" is a series of luminous and incisive encounters with film, dance, photography, painting, opera, and theatre. And in the final section, "There and Here," Sontag explores some of her own commitments: to the work (and activism) of conscience, to the concreteness of historical understanding, and to the vocation of the writer. *Where the Stress Falls* records a great American writer's urgent engagement with some of the most significant aesthetic and moral issues of the late twentieth century, and provides a brilliant and clear-eyed

appraisal of what is at stake, in this new century, in the survival of that inheritance.

Includes the full-texts of four works from the author, political activist and feminist including *Against Interpretation*, *Styles of Radical Will*, *On Photography* and *Illness as Metaphor*.

This third essay collection by America's leading essayist brings together her most important critical writing from 1972 to 1980, in which she explores some of the most influential artists and thinkers of our time.

Sontag's incisive intelligence, expressive brilliance, and deep curiosity about art, politics, and the writer's responsibility to

Where To Download Against Interpretation And Other Essays Susan Sontag

bear witness have secured her place as one of the most important thinkers and writers of the twentieth century. This collecti

The Benefactor, Susan Sontag's first book and first novel, originally published in 1963, introduced a unique writer to the world. In the form of a memoir by a latter-day Candide named Hippolyte, The Benefactor leads us on a kind of psychic Grand Tour, in which Hippolyte's violently imaginative dream life becomes indistinguishable from his surprising experiences in the 'real world.' Sontag's novel supplies a fascinating, knowing, acerbic portrait of a certain bohemian demimonde that flourished in France until quite recently. More important, The Benefactor is a novel about ideas-especially religious

ideas-unlike any other: funny, acrobatic, disturbing, profound.

First published in 1967, *Death Kit*--Susan Sontag's second novel--is a classic of modern fiction. Blending realism and dream, it offers a passionate exploration of the recesses of the American conscience.
