## Dentiy

Shows how individuals are affected by, and respond to, economic, social, and political forces at all levels of scale: global, regional and local. It offers an inclusive picture of people in a globalizing world - men, women, children, both mainstream and marginalized citizens - not as seen from a western perspective, but as they see themselves. Core topics of physical, economic, cultural, and political geography are examined from a contemporary perspective, based on authoritative insights from recent
