"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when

Online Library American

they choose
texts and topics
for every level
of American
English File. It
ensures you get
material that
learners will
enjoy reading
and will want to
talk about.

Texts such as
"Could you live
without money?'"

Online Library American

really help to
generate opinion
and discussion.

They create a
desire to
communicate.

Having created
the desire,
American English

you to develop
learners'
communication
skills. One way

it does this is
with a strong
focus on
pronunciation.
Research shows
that poor
pronunciation is
