"The narrator, reading with clarity and precision, tells the well-known story of the Jewish girl and her family who hid during the Holocaust...[This] high-quality read-along...[is] excellent for school and public libraries." - Booklist

THE STORY: In this transcendently powerful new adaptation by Wendy Kesselman, Anne Frank emerges from history a living, lyrical, intensely gifted young girl, who confronts her rapidly changing life and the increasing horror of her time with astonis

A Time Best YA Book of All Time (2021) In this ¶searing work of historical fiction¶ (Booklist), Coretta Scott King Award-winning author Sharon M. Draper tells the epic story of a young girl torn from her African village, sold into slavery, and stripped of everything she has ever known¶except hope. Amari's life was once perfect. Engaged to the handsomest man in her tribe, adored by her family, and fortunate enough to live in a beautiful village, it never occurred to her that it could all be taken away in an instant. But that was what happened when her village was invaded by slave traders. Her family was brutally murdered as she was dragged away to a slave ship and sent to be sold in the Carolinas. There she was bought by a plantation owner and given to his son as a "birthday present". Now, survival is all Amari can dream about. As she struggles to hold on to her memories, she also begins to learn English and make friends with a white indentured servant named Molly. When an opportunity to escape presents itself, Amari and Molly seize it, fleeing South to the Spanish colony in Florida at Fort Mose. Along the way, their strength is tested like never before as they struggle against hunger, cold, wild animals, hurricanes, and people eager to turn them in for reward money. The hope of a new life is all that keeps them going, but Florida feels so far away and sometimes Amari wonders how far hopes and dreams can really take her.

Told in short, gripping chapters, this is an unforgettable true story of survival. The author was featured in Steven Spielberg's Survivors of the Shoah Visual History Foundation. At just 15, her mother, and brother were taken from their Romanian town to the Auschwitz-II/Birkenau concentration camp. When they arrived at Auschwitz, a soldier waved Elly to the right; her mother and brother to the left. She never saw her family alive again. Thanks to a series of miracles, Elly survived the Holocaust. Today she is dedicated to keeping alive the stories of those who did not. Elly appeared on CBS's 60 Minutes for her involvement in bringing an important lawsuit against Volkswagen, whose German factory used her and other Jews as slave laborers.

A collection of the author's lesser-known writings includes stories, personal reminiscences, previously deleted excerpts from her diary, and an unfinished novel composed while she was hidden from the Nazis.

War, Terrible War: Supporting Common Core with A History of US offers classroom lessons adapted from curriculum developed by the Johns Hopkins University Talent Development Secondary (TDS) program to accompany Joy Hakim's award-winning 10- volume series, A History of US. These lessons accompany volume 3 of that series, War, Terrible War. The lessons provide opportunities for students to closely examine challenging nonfiction text (including primary source documents), engage in collaborative discussion and team learning activities, and create a variety of written products. They align with CCSS ELA Reading Standards for Informational Text 6-12 and Reading Standards for Literacy in History/Social Studies for grades 6-12. Several lessons feature close analysis of documents listed as exemplars in CCSS ("O Captain! My Captain" is a 6th-8th grade exemplar; Abraham Lincoln's Second Inaugural Address and Gettysburg Address are cited as 9th-10th grade exemplars.) The informational text overviews for lessons in this volume are written on approximately an 8th-9th grade reading level. Primary source documents often present challenging vocabulary, so the lessons provide additional scaffolding suggestions for these readings. All materials needed for the lesson are included in the Teacher's Manual and Student Discussion Guide. Teachers can select lessons from this volume of War, Terrible War: Supporting Common Core with A History of US based on the time period being studied in students' history/social studies classes or on themes in the fiction they are studying. For example, the study of The Killer Angels by Michael Shaara (a 9th-10th grade exemplar) may be followed by Lesson 7, "The Gettysburg Address." Students reading accounts of children in war such as Anne Frank: The Diary of a Young Girl would benefit from analyzing primary source documents about children in the Civil War by studying "The Children's War" (Lesson 4) or "A Girl's Memoir of War" (Lesson 5). Novels dealing with enslavement or civil rights could be paired with nonfiction readings in the lesson "Black Soldiers" or "Personal Accounts of Slavery." This curriculum provides multiple opportunities for English Language Arts or history/social studies teachers to fulfill CCSS mandates with challenging, engaging lesson plans.

Graphic novels are an excellent medium to motivate today's youth to become independent learners and thinkers. This practical guide shows secondary school teachers how to incorporate graphic novels into content area instruction as a tool for meeting the needs of diverse learners and achieving the goals of the Common Core State Standards. The authors provide instructional guidelines with classroom examples that demonstrate how graphic novels can be used to expand content knowledge and literacy in science, social studies, math, and English/language arts. Teachers will appreciate the book's specific suggestions for selecting graphic novels and for employing responsive practices that will build students' reading, writing, speaking, listening, and media competencies. ¶The range and complexity of graphic novels being published right now is simply amazing to me. . . . They are part of what should be a balanced array of texts that all can read, enjoy, and learn from. In this volume, the authors point to this proliferation, as well as the educative potential of graphic novels. After reading its pages, I feel others will agree with me that they have done an excellent job pointing out how graphic novel creators such as Jim Ottaviani and Larry Gonick communicate much about history, science, and mathematics while also making connections to comprehension and thinking skills that accompany both literacy and content-specific learning.¶¶From the Foreword by Stergios Botzakis, assistant professor of adolescent literacy in the Theory and Practice in Teacher Education Department at The University of Tennessee, Knoxville ¶¶The authors have set forth on a task I feel long is overdue: connecting the literacy potential of graphic novels to the content areas. This book is a wonderful contribution to the field of content area literacy studies.¶¶(Michael D.
