Proud and solitary, Eel Marsh House surveys the windswept reaches of the salt marshes beyond Nine Lives Causeway. Arthur Kipps, a junior solicitor, is summoned to attend the funeral of Mrs Alice Drablow, the house's sole inhabitant, unaware of the tragic secrets which lie hidden behind the shuttered windows. It is not until he glimpses a wasted young woman, dressed all in black, at the funeral, that a creeping sense of unease begins to take hold, a feeling deepened by the reluctance of the locals to talk of the woman in black.

Southern comfort food and multicultural recipes from the New York Times best-selling superstar chef Marcus Samuelsson ' s iconic Harlem restaurant. When the James Beard Award-winning chef Marcus Samuelsson opened Red Rooster on Malcolm X Boulevard in Harlem, he envisioned more than a restaurant. It would be the heart of his neighborhood and a meet-and-greet for both the downtown and the uptown sets, serving Southern black and cross-cultural food. It would reflect Harlem's history. Ever since the 1930s, Harlem has been a magnet for more than a million African Americans, a melting pot for Spanish, African, and Caribbean immigrants, and a mecca for artists. These traditions converge on Rooster ' s menu, with Brown Butter Biscuits, Chicken and Waffle, Killer Collards, and Donuts with Sweet Potato Cream. They ' re joined by global-influenced dishes such as Jerk Bacon and Baked Beans, Latino Pork and Plantains, and Chinese Steamed Bass and Fiery Noodles. Samuelsson ' s Swedish-Ethiopian background shows in Ethiopian Spice-Crusted Lamb, Slow-Baked Blueberry Bread with Spiced Maple Syrup, and the Green Viking, sprightly Apple Sorbet with Caramel Sauce. Interspersed with lyrical essays that convey the flavor of the place and stunning archival and contemporary photos, The Red Rooster Cookbook is as layered as its inheritance.

As a journalist and activist in the 1940s and '50s, Woldeab Woldemariam is acclaimed by Eritreans as the father of their national movement. Surviving numerous assassination attempts, he not only fashioned Eritreans' agenda for liberation but also became the finest writer of Tigrinya, the country's leading language. Woldeab's persistent and principled appeals to the Eritrean leadership for unity, tolerance and democracy enhanced his popular standing but led to his unjust neglect by the national authorities. Dawit Mesfri's biography at last extends Woldeab the recognition he has long deserved.

Distinctive hand style lettering is an essential skill for artists and designers. Deftly executed hand crafted letter forms are a nearly forgotten art in an age of endless free fonts. Graffiti is one of the last reservoirs of highly refined, well practiced penmanship. The most reviled and persecuted form of Graffiti, the Tag, is seldom appreciated for the raw beauty of its skeletal letter forms. Most tags are removed immediately, and thus the casual viewer seldom has a chance to discern the difference between entry level and advanced hand styles. Within the pages of Flip the Script, author Christian Acker has systematically analyzed the best graffiti hand styles, contextualizing the work of graffiti writers from around the United States. Acker presents the various lettering samples in a clean organized format, giving the material a proper, formal treatment evoking classic typography books.

The title says it all: this is a collection of sheet music for some of the most popular worship classics.
