This best-selling text continues to be the only reference to bring together in a single volume the latest clinical techniques and research findings that direct evidence-based clinical practice for lactation consultants and specialists. This text contains a clear clinical focus and over 2,000 research studies support the clinical recommendations in this book. The Fourth Edition has been completely revised and updated to reflect the worldwide expansion of the lactation specialist role. New content on obstetrical issues, especially the importance of skin-to-skin care has been added and important concepts discussed in chapters are summarized at the end of each chapter. Key features throughout include key concepts, internet resources, evidence-based tables and boxes. Accompanied by a CD-ROM and color insert, both of which accurately depict positioning, the normal breast, and breastfeeding problems!

This book presents in a fun and user-friendly manner an orientation and guide to the lactation consultant profession, as manifested by the Private Practice Lactation Consultant.

Oh baby! With the average newborn racking up \$6000 for the first year alone, expectant moms and dads need all the creative cost-cutting ideas they can find. Baby Bargains is the answer. Inside, parents find detailed ratings and reviews of baby gear, plus handy charts that compare brands and models.

For more than a decade, BESTFEEDING has been recognized by midwives, doctors, and nursing mothers as the definitive word on breastfeeding. The culmination of 60-plus years of hands-on experience from three dedicated and internationally respected authors, this newly updated classic blends academic knowledge, clinical expertise, and practical skills to educate first-time and experienced mothers alike. Mothers will find precisely the information they need to help their babies grow and thrive-physically and emotionally-as a result of breastfeeding. The book answers all questions a new mother may have, and it is fully illustrated with dozens of helpful photos and drawings that demonstrate all the dos and don'ts of breastfeeding. In addition to the basics, mothers will find tried-and-true solutions to both common and more unusual problems, as well as remedies for babies with special needs. With its sensitive and informed advice, BESTFEEDING is a supportive reminder of what women have always known: that breastfeeding is, quite simply, the best way to nourish a baby. • An illustrated guide to the basics of breastfeeding your baby, with more than 100 photos. • Topics include the benefits of breastfeeding for both you and your baby; posture and positions; medical and dietary concerns; and causes and solutions to numerous breastfeeding problems. • Revised and thoroughly updated with new information on feeding multiple babies and adopted babies, and a discussion of the emotional rewards of breastfeeding. • The first two editions have sold more than 120,000 copies.

Breastfeeding without Birthing is an essential guide to breastfeeding for mothers through adoption, surrogacy, and other special circumstances. All breastfeeding-without-birthing mothers who wish to provide their own milk for their baby will learn the tools and techniques for inducing lactation without pregnancy and birth.

In the heart of every woman is a longing to be deeply loved and treasured by another. While this is never fulfilled perfectly in our earthly relationships, believers are promised that heaven is a place of eternal joy with Jesus Himself, who has chosen his cherished Bride. In this ten-lesson study, women will grow to understand how human wedding traditions symbolize the ultimate marriage of Christ—the Bridegroom—and His beloved church. Through images of ancient wedding customs as women of the Bible would have celebrated them, the authors point out spiritual significance for today. Contemporary wedding stories further illustrate the promise of eternal life. As a woman prepares herself for the Bridegroom, she begins to discover an intimacy with Him greater than she ever imagined.

*Mama Natural's Week to Week Guide to Pregnancy is the modern (and yet ancient) approach to pregnancy and childbirth. "Natural" recognizes that pregnancy and birth are normal, and that having a baby is a wondrous biological process and rite of passage—not a medical condition. This book draws upon the latest research showing how beneficial and life-changing natural birth is for both babies and moms. Full of weekly advice and tips for a healthy pregnancy, Grace details vital nutrition to take, natural remedies for common and troublesome symptoms, as well as the appropriate (and inappropriate) use of interventions. Pregnancy, childbirth, health, health and wellness, parenting, family"--
