Where does true adventure come from? A young Latino boy and his grandfather find the true answer together.

Human Feelings provides a comprehensive overview of the role of emotions in human life. Growing out of the research and writing of members of the Harvard Affect Study Group, the volume brings to bear different disciplinary outlooks and different modes of inquiry on various aspects of human affective experience. The book opens with an section of "Theoretical Considerations" that includes an overview of affective development across the life cycle, an examination of affect and character, and an empirical analysis of gender differences in the expression of emotion. A series of clinical

reports involving patients in different age groups comprises the next section, "Affect and the Life Cycle." Subsequent sections on "Trauma, Addiction, and Psychosomatics" and "Transformations of Affect" traverse the realms of neurobiology, addictive suffering, stress disorders, epistemology, creativity, and social organization. A final section, "New Directions," further extends the frontiers of inquiry into nonordinary states of consciousness and the vicissitudes of well-being. An integrative collection of multidisciplinary sweep and scholarly integrity, *Human Feelings* is a readable source book that brings together rigorous theoretical and developmental studies, experientially vivid self-reporting, and a wealth of illustrative clinical material. An invaluable addition to the libraries of mental health professionals and developmental researchers, this volume will be illuminating for philosophers, social and political scientists, and lay readers as well.

Follow 7-year-old Sofia Martinez as she deals with her family and daily adventures.

From the minds of Scieszka and Shannon comes a tale of a quixotic robot determined to conquer the earth. The only problem is that the earth he lands on is a suburban kitchen and he is three inches tall. Robot Zot, the fearless and unstoppable warrior, leaves a trail of destruction as he encounters blenders, toasters, and televisions. But when he discovers the princess...a pink cell phone...his mission takes a new course. Robot Zot must learn how to be a hero - in the name of true love.

Winner of the 2014 Newbery Medal Holy unanticipated occurrences! A cynic meets an unlikely superhero in a genre-breaking new novel by master storyteller Kate DiCamillo. It begins, as the best superhero stories do, with a tragic accident that has unexpected consequences. The squirrel never saw the vacuum cleaner coming, but self-described cynic Flora Belle Buckman, who has read every issue of the comic book *Terrible Things Can Happen to You!*, is just the right person to step in and save him. What neither can predict is that Ulysses (the squirrel) has been born anew, with powers of strength, flight, and misspelled poetry — and that Flora will be changed too, as she discovers the possibility of hope and the promise of a capacious heart. From #1 New York Times best-selling author Kate DiCamillo comes a laugh-out-loud story filled with eccentric, endearing characters and featuring an exciting new format — a novel interspersed with comic-style graphic sequences and full-page illustrations, all rendered in black-and-white by up-and-coming artist K. G. Campbell.

"Join Sophia on her jungle adventure! Fly like a toucan, slither like a snake, and flutter like a butterfly as you act out this journey through a Costa Rican jungle. What else might you see?" --cover.
