suprematism, French vernacular chic, gorgeous Italian sculpture, English antiquarianism, Japanese ingenuity, Swedish responsibility. Cars featured appear in chronological date order from the 1908 Ford Model T to 2003 BMW 5 Series. The chosen cars will be specially photographed in a uniform style and reproduced in very textured, 4 colour b/w so as to distance this book from the clichés and conventions of specialist automotive publishing and to highlight form and shape. Each picture will be accompanied by a short critical essay including essential historical material together with colourful anecdote and quotations as well as a persuasive aesthetic appraisal of each vehicle. This lavish and beautifully designed book is the gift book for all car enthusiasts and design aficionados.
