Steinbeck and Capa's account of their journey through Cold War Russia

is a classic piece of reportage and travel writing. A Penguin Classic Just after the Iron Curtain fell on Eastern Europe, Pulitzer Prize-winning author John Steinbeck and acclaimed war photographer Robert Capa ventured into the Soviet Union to report for the New York Herald Tribune. This rare opportunity took the famous travelers not only to Moscow and Stalingrad - now Volgograd - but through the countryside of the Ukraine and the Caucasus. Hailed by the New York Times as "superb" when it first appeared in 1948, *A Russian Journal* is the distillation of their journey and remains a remarkable memoir and unique historical document. What they saw and movingly recorded in words and on film was what Steinbeck called "the great other side there ... the private life of the Russian people." Unlike other Western reporting about Russia at the time, *A Russian Journal* is free of ideological obsessions. Rather, Steinbeck and Capa recorded the grim realities of factory workers, government clerks, and peasants, as they emerged from the rubble of World War II—represented here in Capa's stirring photographs alongside Steinbeck's masterful prose. Through it all, we are given intimate glimpses of two artists at the height of their powers, answering their need to document human struggle. This edition features an introduction by Steinbeck scholar Susan Shillinglaw. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics

This book presents an interpretive, macro-historical, and sociological account of martyrdom. Moving away from the notion of martyrdom as an object of individual behavior and seeing it instead as a significant cultural work performed by communities in the wake of a violent death, it provides a novel interpretation of Western political and religious history. In addition to thus redressing the disproportionate attention given to the concept's relationship to Islam, the author offers a new perspective on two defining historical processes: secularization and the rise of modern sovereignty in the form of the nation-state. An innovative analysis of the role of sacrifice in contemporary culture, which constitutes a timely critique of long-dominant theories of disenchantment and the privatization of religion, *The Ultimate Sacrifice* will appeal to sociologists and social theorists with interests in religion, politics, and the connection between the two.

God is the treasure of our lives. He is part of everything we do, think, act, and say—literally, he is a part of us. This precious heirloom of Christ himself must be passed on to future generations. But how? *Treasuring God in Our Traditions* presents the importance of passing along Christ-centered traditions and a Bible-saturated legacy in Christ to future generations. Noël Piper helps her readers recognize how the "everyday" routines of life and the "especially" celebrations of holidays and dates can be practically passed down to future generations. When parents and grandparents seek to pass along the treasure of God to their children and grandchildren, they will develop and deepen their love for him. When family traditions are rooted in the Bible, the next generations will see that the greatest treasure that anyone can have is the treasure of God.

This work offers an account of the Russians' 400 years of experience in Siberia. Rasputin looks at the the peculiar physical and character traits of the Siberian Russian type, and at the gap between dreams and reality that have plagued Russians in Siberia.

The masterpiece of travel writing that revolutionized the genre and made its author famous overnight An exhilarating look at a place that still retains the exotic mystery of a far-off, unseen land, Bruce Chatwin's exquisite account of his journey through Patagonia teems with evocative descriptions, remarkable bits of history, and unforgettable anecdotes. Fueled by an unmistakable lust for life and adventure and a singular gift for storytelling, Chatwin treks through "the uttermost part of the earth"—that stretch of land at the southern tip of South America, where bandits were once made welcome—in search of almost-forgotten legends, the descendants of Welsh immigrants, and the log cabin built by Butch Cassidy. An instant classic upon publication in 1977, *In Patagonia* is a masterpiece that has cast a long shadow upon the literary world. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. "Of all Lepage's magic boxes, this is the masterpiece" (Independent on Sunday) Early one August morning in 1945, several kilos of uranium dropped over Japan changed the course of human history. Fifty years later, Hiroshima's vitality is striking: the city where survival itself seemed unimaginable today incarnates the notion of renaissance. Robert Lepage and Ex Machina's *The Seven Streams of the River Ota* makes Hiroshima a literal and metaphoric site for theatrical journey through the last half-century. In *The Seven Streams*, Hiroshima is a mirror in which seeming opposites - East and West, tragedy and comedy, male and female, life and death - are revealed as reflections of the same reality.

"Terrifying... Eloquent... A heart-rending drama of human yearning." --New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately

after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's

uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.
