Going Around The Corner engages adult Christ-followers, challenging them to consider their own neighborhood as a mission-field assignment by a sovereign God. Acts 17:26 tells us that God determines our appointed times and the boundaries of our habitation. We believe this truth. God divinely puts us where we live because He has a work for us to do as His ambassadors and ministers of reconciliation.Going Around The Corner is a mission strategy for your own backyard, using the same principles as a full-time missionary would use overseas. It is a 6-week Bible study that challenges you to see your neighborhood as your mission field, working through five stages to reach your neighbors, friends and co-workers with the gospel. You will learn to explore your neighborhood by accepting the mission and praying for believing partners. You will engage your neighbors, first by prayer walking and learning to listen to the prompts of the Spirit, and serving them through biblical good works. You will learn to evangelize through conversations and simply sharing your story. As God begins to use you to lead others to Christ, you will learn how to establish them in their faith through personal discipleship, and equip them by bringing them into your own church body.Going Around The Corner helps pastors and church leaders train their members by teaching a simple, practical, biblical strategy of disciple making. Building on a solid biblical foundation, the goal is to encourage, motivate, and equip believers to carry out the Great Commission.

Holding Up Your Corner: Talking About Race in Your Community, equips pastors to respond with confidence when crises occur, lower their own inhibitions about addressing this topic, and reclaim their authority as prophetic witnesses and leaders in order to transform their communities Pastors and other church leaders see, to varying degrees, racially rooted injustice in their communities. Most of them understand an imperative, as part of their calling from God, to lead their congregations to address and reverse this injustice. For instance, preachers want to be preaching prophetically on this topic. But the problems seem irreversible, intractable, overwhelming, and pastors often feel their individual efforts will be futile. Additionally, they realize that there is a lot of risk involved, including the possibility that their actions may offend and even push some members away from the church. They do not know what to do or how to begin. And so, even during times of crisis, pastors and other church leaders typically do less than they know they could and should. This book provides practical, foundational guidance, showing pastors how to live into their calling to address injustice, and how to lead others to do the same. Holding Up Your Corner prompts readers to observe, identify and name the complex causes of violence and hatred in the reader ' s particular community, including racial prejudice, entrenched poverty and exploitation, segregation, the loss of local education and employment, the ravages of addiction, and so on. The book walks the church leader through a self-directed process of determining what role to play in the leader ' s particular location. Readers will learn to use testimony and other narrative devices, proclamation, guided group conversations, and other tactics in order to achieve the following. Open eyes to the realities in the reader ' s community—where God ' s reign/kingdom is not yet overcoming selfishness, injustice, inequality, or the forces of evil. Own the calling and responsibility we have as Christians, and learn how to advocate hope for God ' s kingdom in the reader ' s community. Organize interventions and activate mission teams to address the specific injustices in the reader ' s community. What Does ' Holding Up Your Corner ' Mean? The phrase ' holding up your corner ' is derived from a biblical story (Mark 2: 1 – 5) about four people who take action in order to help another person—literally delivering that person to Christ. For us, ' holding up your corner ' has meaning in two aspects of our lives today. First, it refers to our physical and social locations, the places where we live and work, and the communities of which we ' re a part. These are the places where our assumptions, attitudes, and beliefs have influence on the people around us. When we feel empowered to speak out about the injustice or inequity in our community, we are holding up our corner. Second, the phrase refers to our actions, the ways we step up to meet a particular problem of injustice or inequity, and proactively do something about it. When we put ourselves—next to persons who are suffering, and enter into their situation in order to bring hope and healing to the person and the situation, we are holding up our corner, just like the four people who held up the corner of the hurting man ' s mat.

Everyone yearns for the mountaintop. We search for the conference that will (God willing) be life-changing. The moment when everything in our lives will neatly come together. (It could happen.) Yet daily experience teaches us that we don ' t—and probably never could—permanently live at such heights. The opposite is also true. Tragedies touch our lives every now and then. When they do we hold on to God with all our might —because He ' s the only thing that ' s real to us in those times. But just like life at the heights, life in " the pit " is not the norm. The truth is, most of life is lived somewhere between Mt. Everest and the Grand Canyon. We reside at the corner of Mundane and Grace. The bad news? It gets boring and a little tough to keep going. The good news? That ' s exactly where God wants you. With ligh-hearted humor, gentle encouragement, and a healthy dose of wisdom and insight, Chris Fabry reveals the beauty in where you are today — encouraging you to step forward in faith and to encounter God as you have never before At the Corner of Mundane and Grace. You will laugh, cry, and pray as Chris Fabry takes you to the corner of Mundane and Grace. He writes with wonderful, penetrating, down-to-earth insights into both human foibles and the wonders of God ' s grace. At the corner of Mundane and Grace you will see God in your life in the most marvelous ways. --Charles W. Colson, Prison Fellowship Ministries If your life is rather ordinary, this book will lead you to the extraordinary stuff that God has hidden in your daily routines. --Joseph M. Stowell, President, Moody Bible Institute A big problem in our Christian faith is that we think God is with us only in the pew, when we ' re spit-shined and all tucked in. Chris Fabry tells us otherwise — that God is with us when we ' re elbow-deep in dirty diapers, when our marriages are faltering, when the kids are sick and the dog is dying. --Philip Gullley, Author, Front Porch Tales Warm, witty, winsome! This happy volume will have a special place in my heart and in my home. I predict that others who taste and feast will be delighted and nourished as I have been. --Adrian Rogers, Pastor, Bellevue Baptist Church

The crime-infested intersection of West Fayette and Monroe Streets is well-known—and cautiously avoided—by most of Baltimore. But this notorious corner's 24-hour open-air drug market provides the economic fuel for a dying neighborhood. David Simon, an award-winning author and crime reporter, and Edward Burns, a 20-year veteran of the urban drug war, tell the chilling story of this desolate crossroad. Through the eyes of one broken family—two drug-addicted adults and their smart, vulnerable 15-year-old son, DeAndre McCollough, Simon and Burns examine the sinister realities of inner cities across the country and unflinchingly assess why law enforcement policies, moral crusades, and the welfare system have accomplished so little. This extraordinary book is a crucial look at the price of the drug culture and the poignant scenes of hope, caring, and love that astonishingly rise in the midst of a place America has abandoned.
