old traps? The fact is, your longings are built from the blueprint of your needs: for protection, for love, for God. And those needs aren't going anywhere. Sheila speaks candidly about the trials in her life, including the heartache of her first marriage, and intertwines her story with the biblical saga of King David. As bass player with the Specials, in his second-hand suit and pork pie hat, Horace Panter was a member of one of the most innovative and exciting bands to come snarling out of the punk era. Founded by Jerry Damners, their fusion of punk, reggae and ska created a new musical fashion, spearheaded by their own record label Two Tone. They stood for unity and racial harmony in a polarised society. They even got British men dancing again. In *Ska'd for Life* Horace takes the reader on a musical odyssey with the Specials from their early days on Coventry's punk circuit to chart storming success with singles like 'Too Much Too Young' and the eerily prescient 'Ghost Town', released as the race riots saw Toxteth and

philosophical concepts embedded in the ideas of Community Oriented Policing (C.O. P.) and urban security aided by technological innovations. While the philosophy of C.O.P. stresses the importance of collaboration between members of the public and its police forces technology that is becoming rapidly integrated in various police tactics creates new legal challenges and operational hurdles. The casebook is a client-focused, teaching-oriented book. It integrates narrative with cases, statutes, regulatory materials, and commentaries to create a comprehensive, tightly organized teaching tool. A key feature is that, unlike the competing casebooks, the book is replete with problems, questions, and exercises designed to help students apply what they are learning and to facilitate lively classroom discussion. Many of these are client counseling hypotheticals that ask students to advise hypothetical clients or to describe how they would approach a client meeting.
