Society, the fifth edition facilitates multi-modal interactions with cultural information in new and revised sections. The program's pedagogy continues to be firmly rooted in the research of the National Standards for Foreign Language Learning, or the Five Cs--Communication, Cultures, Connections, Comparisons, and Communities. The new A explorar! section draws upon all five standards in an engaging manner while previewing the content of the lesson. Known for its accessible, precise approach, Epp's DISCRETE MATHEMATICS WITH APPLICATIONS, 5th Edition, introduces discrete mathematics with clarity and precision. Coverage emphasizes the major themes of discrete mathematics as well as the reasoning that underlies mathematical thought. Students learn to think abstractly as they study the ideas of logic and proof. While learning about logic circuits and computer addition, algorithm analysis, recursive thinking, computability, automata, cryptography and combinatorics, students discover that ideas of discrete mathematics underlie and are essential to today's science and technology. The author's emphasis on reasoning provides a foundation for computer science and upper-level mathematics courses. Brannigan's Building Construction for the Fire Service, Fourth Edition is a must read for fire fighters, prospective fire fighters, and fire science students. This edition continues the Brannigan tradition of using plain language to describe technical information about different building types and their unique hazards. This text ensures that critical fire fighting information is easy-to-understand and gives valuable experience to fire fighters before stepping onto the fireground. The first edition of Building Construction for the Fire Service was published in 1971. Frank Brannigan was compelled to write the most comprehensive building construction text for the fire service so that he could save fire fighters' lives. His passion for detail and extensive practical experience helped him to develop the most popular text on the market. His motto of: "Know your buildings," informs every aspect of this new edition of the text. Listen to a Podcast with Brannigan's Building Construction for the Fire Service, Fourth Edition co-author Glenn Corbett to learn more about this training program! Glenn discusses his relationship with the late Frank Brannigan, the dangers of heavy construction timber, occupancy specific hazards, and other areas of emphasis within the Fourth Edition. The most accessible and practical introduction to ethical theory, moral issues, and moral reasoning. Doing Ethics emphasizes that moral decision-making is an active process--something one does. It provides students with the theoretical and logical tools that a morally mature person must bring to that process, and it offers an abundance of readings and case studies for consideration and discussion. Real-world relevance and practical pedagogy have made Doing Ethics a leading book in the field.

Devon Walker has one chance to turn her life around. A half-wit ogre, a legion of overgrown jungle beasts, and a power-tripping AI are trying to stop her. Relic Online is the hottest new game out there, and it's Devon Walker's best hope for escaping her hard-knock life. Thanks to her rocking achievements in other games, she's been hired as a salaried player. Even better, her new position comes with cutting-edge implants that turn RO's virtual reality into a full sensory explosion. Her only task? Drive the game's creator AI to the outermost limits of its creativity. Sounds easy, right? But when Devon logs in, her expectations shatter like an ice golem hit with a sonic blast. Wearing nothing but a cloth tunic and ragged pants, she spawns inside a ruined city overgrown by steamy jungle. With zero skills and nothing in her inventory but pocket lint, she immediately runs afoul of the city's guardian, a stone golem the size of an apartment building. The encounter does not go well. And Relic Online is just getting started with her.
