She just did it backwards and in high heels" - Ann Richards Women in film since the beginning: Women have been instrumental in the success of American cinema since its very beginning. One of the first people to ever pick up a motion picture camera was a woman; as was the first screenwriter to win two Academy Awards, the inventor of the boom microphone and the first person to be credited with the title Film Editor. Throughout the entire history of Hollywood women have been revolutionizing, innovating, and shaping how we make movies. Yet their stories are rarely shared. The first women directors: This is what film reporter Alicia Malone wants to change. Backwards and in Heelstells the history of women in film in a different way, with stories about incredible ladies who made their mark throughout each era of Hollywood. From the first women directors, to the iconic movie stars, and present day activists. Each of these stories are inspiring accomplishments of women, and they also highlight the specific obstacles women have had to face. Backwards and in Heels combines research and exclusive interviews with influential women and men working in Hollywood today, such as Geena Davis, J.J. Abrams, Ava DuVernay, Octavia Spencer, America Ferrera, Paul Feig and many more, as well as film professors, historians and experts. Time to level the playing field: Think of Backwards and in Heels as a guidebook, your entry into the complex world of women in film.
