Explains why user instruction manuals are necessary, offers advice on writing assembly, installation, operating, and maintenance instructions, and introduces basic principles of instructional writing

A quick and easy guide shows players how to beat online casinos and poker sites safely and for profit. Arnold Snyder shows how to play and win money online against the internet casinos. People love to gamble, and now that they can do so from their own homes, Snyder shows them how to choose safe sites to play. He goes over every step of the process, from choosing sites, opening an account, and how to take your winnings! There are major chapters covering the differences between "brick and mortar" and internet gaming rooms and how to handle common situations and predicaments. A major chapter covers internet poker and basic strategies to beat hold'em and other games online.

The book traces the evolution of some of the most notable brands in the Indian marketplace by looking at the interplay of forces that created the environment in which they operated and the strategies they adopted. In a vibrant economy like India-where competition from novel and captivating launches is relentless; where customers' preferences change rapidly-these winning brands have shown resilience and the ability to identify and seize opportunities. The book proves the point that it is the capacity to adapt to changes and formulate effective strategies that determines who survives in the hyper-competitive marketplace of today.

InfoWorld is targeted to Senior IT professionals. Content is segmented into Channels and Topic Centers. InfoWorld also celebrates people, companies, and projects.

The ultimate sartorial and etiquette guide, from the ultimate life and style guru. By turns witty, sardonic, and always insightful, Glenn O'Brien's advice column has been a must-read for several generations of men (and their spouses and girlfriends). Having cut his teeth as a contributor at Andy Warhol's Interview in its heyday, O'Brien sharpened them as the creative director of advertising at the hip department store Barneys New York for ten years before starting his advice column at Details magazine in 1996. Eventually his column, "The Style Guy," migrated to its permanent home at GQ magazine, where O'Brien dispenses well-honed knowledge on matters ranging from how to throw a cocktail party (a diverse guest list is a must), putting together a wardrobe for a trip to Bermuda (pack more clothes for less dressing), or when it is appropriate to wear flip-flops in public (never). How To Be a Man is the culmination of O'Brien's thirty years of accumulated style and etiquette wisdom, distilled through his gimlet eye and droll prose. With over forty chapters on style and fashion (and the difference), on dandies and dudes, grooming and decorating, on how to dress age-appropriately and how to age gracefully, this guide is the new essential read for men of all ages.
