delay, or diminish a career like impatience. Yet millions of workers quit their jobs every month because they haven't gotten a promotion. It's natural to want to make the most out of one's career--after all, we spend more time working than any other activity in our busy lives. But the stark reality is that job-

Read Free Check Engine

hopping in search of advancement and fulfillment may actually have the opposite effect. So what's the best way to "get promoted?" According to Rick Whitted, it's about outgrowing your space--making your current job bigger and bigger until management gives you a larger role and increased

Read Free Check Engine

responsibilities. With a lifetime of experience and research to back him up, Whitted shows readers how to address those things inside of us that prevent career progression--things like self-entitlement, the desire to skip steps, and pride--and instead pursue excellence right where we are. Readers will be challenged to

Code P0412
Toyota

once a month. Even on the very few occasions each year when action is required - twice a year for strategies 1 and 2, and once a month for strategy 3 - you'll only spend a few minutes checking your portfolio and making simple changes. The activity levels range from yearly rebalancing, for the laziest investor, through

Read Free Check Engine

to monthly reallocation, for those who are more active. How much you do depends on how lazy you are feeling. Testing the three Idle Investor strategies for the period 1990 to 2012 resulted in average annual returns of up to 28%. Compare this to a buy-and-hold approach of investing in UK shares, which would have delivered 8.5% per

Read Free Check Engine

year over the same period, and you can see that being idle doesn't mean being unsuccessful! If you are looking for a straightforward investing method that lets you get on with your life while your money grows in the background, then become an Idle Investor.
