The Routledge Handbook of English Language and Digital Humanities serves as a reference point for key developments related to the ways in which the digital turn has shaped the study of the English language and of how the resulting methodological approaches have permeated other disciplines. It draws on modern linguistics and discourse analysis for its analytical methods and applies these approaches to the exploration and theorisation of issues within the humanities. Divided into three sections, this handbook covers: sources and corpora; analytical approaches; English language at the interface with other areas of research in the digital humanities. In covering these areas, more traditional approaches and methodologies in the humanities are recast and research challenges are re-framed through the lens of the digital. The essays in this volume highlight the opportunities for new questions to be asked and long-standing questions to be reconsidered when drawing on the digital in humanities research. This is a ground-breaking collection of essays offering incisive and essential reading for anyone with an interest in the English language and digital humanities.

In a small wooded lot a busy woman stumbles upon a strange doll the neighbors possibly left. She attempts to reveal who brought the toy to her home, but she uncovers no real leads. Then

Read Free Clic Starts The Story Of King Arthur His Knights Clic Starts Series

when a letter turns up asking her to give the doll away as soon as possible, she ends up on the edge of reason as the doll is in the midst of being reclaimed by someone. The doll although small and cuddly resembles a somewhat black entity similar to a doll she keeps in her home, but when a nearby psychic and fortune teller comes to her home asking her to give up the doll to keep her sanity, but she refuses. The stuffed animal then turns out to be more than she bargained for when the bear starts to grow a tail and red eyes. When she discovers those details, she desperately tries to send it away to a pawn shop owner, but the next day he ends up dead, and a new feeling that the stuffed bear may not be what she considered a stuffed cuddly toy anymore. The story focuses on the character of Mary, and the stuffed bear that she suddenly inherits when the doll is left on her doorstep. She finds that although the stuffed bear did have an owner, he ended up in a mental institution, and the bear was simply left behind, either by someone else or the bear itself. She doesn't want to come to the terms that it could have ended up on her doorstep, by itself, but when the tale that the previous owner claimed is finally revealed, she desperately searches for an answer to the horror of Truggle.

Human sacrifice, communities eaten from within, a vast mind blazing under the mud of Lake Titicaca; the rise and fall of empires cruel and kind. In the Andes of a thousand years ago, the Huari empire is sick. Its communities are being eaten from within by a plague, a contagion that is not of the body but of something far deeper, a plague that has taken their collective spirit. Rooting out this parasite is a task that is laid upon Q'ilyasisa, a young woman from an obscure little village on the forgotten borders of the Huari empire. This impossible mission is imposed on her by a vast mind, a sentience that has ambitions to shape all human life. Her response to this entails confrontations on sacrificial pyramids, long journeys through the Amazonian jungle and the establishment of not just one but two new empires. Her legacy shapes future Andean civilisation until the arrival of the Spanish. *Dark Sun, Bright Moon* explores the unique Andean metaphysic: not one of gods and heavens, but a cosmology developed over millennia of isolation, developed over generations by its practitioners but at constant war with the various state religions. It has been systematised from current beliefs, but is essentially authentic to them. As described in the book, therefore, this cosmology is a concrete thing, neither magic nor religion but a technology with a logic of its own that drives the story line. However, this is above all an adventure story in which credible people undertake rational if desperate acts in the face of extreme threat. *Dark Sun, Bright Moon* is illustrated with over a hundred images (B&W, engravings and maps) and consists of around 170,000 words set in 40 chapters and an appendix, which last gives extensive background material. The author knows modern Peru very well, and has visited all of the physical sites that are described in the book.

From the beginning of plantation days, Hawaii has been home to many different cultures and ethnicities. Everyone learned how to get along by sharing their food, their traditions, their celebrations, and their languages. Even today, throughout the islands, many different languages can be heard in the market, on the beach, and on the playground. *One to Ten in Hawaii* introduces kids to nine different languages by teaching them how to count from one to ten in English, Hawaiian, Japanese, Chinese (Mandarin), Korean, Tagalog, Samoan, Vietnamese, and Spanish. There's no better time to feed your child's curiosity about language, math, cultures, and the natural world around them. Kristi has also illustrated *The Twelve Days of Hula*.

The quirky, hilarious farmyard tale that started it all from New York Times bestselling duo of Doreen Cronin and Betsy Lewin! Now the inspiration for a new Christmas special, *CLICK, CLACK, MOO: Christmas on the Farm*. Farmer Brown has a problem. His cows like to type. All day long he hears "Click, clack, moo. Click, clack, moo. Click, clack, moo." But Farmer

From International Bestselling Author Jan Coffey comes a Hitchcockian tale of murder and revenge... TWICE BURNED RWA RITA AWARD FINALIST KISS OF DEATH MYSTERY/SUSPENSE DAPHNE DU MAURIER AWARD WINNER NATIONAL READERS' CHOICE AWARD FINALIST A man awaits execution for a murder he did not commit . . . A woman returns to a place of scandal and death to save her brother . . . A small town's simmering secrets are about to ignite in a blaze of suspicion and deadly retribution . . . Twenty years ago, Lea and Ted Hardy came home from school to find their parents dead, victims of a murder-suicide. Lea leaves the small town of Stonybrook and the painful memories behind. But Ted can't seem to escape the past. Marrying the pampered daughter of Stonybrook's leading family, he starts a new life—until he discovers secrets that lead to the death of his wife and daughters. And to accusations of murder. Now, convicted and facing execution, Ted has given up hope. Then Lea receives anonymous letters proclaiming Ted's innocence. Determined to save her brother, she must return to a town that harbors a fierce desire to see Ted die . . . taking long-buried secrets with him. Desperate, Lea turns to Mick Conklin, a man she is deeply attracted to but cannot fully trust. She needs an ally, now more than ever. Because the fuse has been lit, and the bright fires of truth are about to blow Stonybrook wide open.
