Years after being released from jail, Matt Hunter's hopes of moving on with his pregnant wife are shattered when he becomes the focus of a serial murder investigation.

The New York Times bestselling final volume in the Pope's Jesus of Nazareth series, detailing how the stories of Jesus' infancy and childhood are as relevant today as they were two thousand years ago. In 2007, Joseph Ratzinger published his first book as Pope Benedict XVI in order "to make known the figure and message of Jesus." Now, the Pope focuses exclusively on the Gospel accounts of Jesus' life as a child. The root of these stories is the experience of hope found in the birth of Jesus and the affirmations of surrender and service embodied in his parents, Joseph and Mary. This is a story of longing and seeking, as demonstrated by the Magi searching for the redemption offered by the birth of a new king. It is a story of sacrifice and trusting completely in the wisdom of God as seen in the faith of Simeon, the just and devout man of Jerusalem, when he is in the presence of the Christ child. Ultimately, Jesus' life and message is a story for today, one that speaks to the restlessness of the human heart searching for the sole truth which alone leads to profound joy.

"An all-night reading affair—you won't be able to put it down. . . . [Angel Falls will] make you laugh and cry."—New York Post When Mikaela Campbell, beloved wife and mother, falls into a coma, it is up to her husband, Liam, to hold the family together and care for their grieving, frightened children. Doctors tell Liam not to expect a recovery, but he believes that love can accomplish what medical science

cannot. Daily he sits at Mikaela's bedside, telling her stories of the precious life they have built together, hoping against hope that she will wake up. But then he discovers evidence of his wife's secret past: a hidden first marriage to movie star Julian True. Desperate to bring Mikaela back at any cost, Liam knows that he must turn to Julian for help. But will that choice cost Liam his wife, his family, and everything he holds dear? One of Kristin Hannah's most moving novels, *Angel Falls* is a poignant and unforgettable portrait of marriage and commitment, of an ordinary man who dares to risk everything in the name of love. Praise for *Angel Falls* "A tearjerker . . . about the triumphs of family."—Detroit Free Press "A jewel . . . Hannah has executed her premise perfectly and plumbed its implications for every ounce of feeling."—San Jose Mercury News "Hannah writes of love with compassion and conviction."—Luanne Rice

A novel exploring the heart of a family focuses on the courage, love, and devotion of one mother as she tries to find the strength to forgive her ex-husband, the father of their exceptional child, with the help of her brother-in-law, the town pediatrician.

"Cultures are like chemical elements. You can mix two of them, and you might get something useful like water or table salt. But you might also blow up the kitchen." —Thomas Armstrong from *Multiple Intelligences Around the World* Multiple intelligences (MI) theory has been introduced and implemented successfully in numerous countries around the world. This is the first collection to review, synthesize, and reflect on this unique cross-cultural and educational phenomenon. Through this synthesis and reflection, the book's authors provide a fresh and fuller understanding of MI theory. In addition, they develop more specific knowledge about why MI theory has been welcomed in so many countries, how its use can be appropriate in diverse cultures, and what has supported and fueled travel of the MI meme.

When she is just past eighteen, Kate meets super football star Tom Harper and falls in love.

The Silk Road, which linked imperial Rome and distant China, was once the greatest thoroughfare on earth. Along it travelled precious cargoes of silk, gold and ivory, as well as revolutionary new ideas. Its oasis towns blossomed into thriving centres of Buddhist art and learning. In time it began to decline. The traffic slowed, the merchants left and finally its towns vanished beneath the desert sands to be forgotten for a thousand years. But legends grew up of lost cities filled with treasures and guarded by demons. In the early years of the last century foreign explorers began to investigate these

legends, and very soon an international race began for the art treasures of the Silk Road. Huge wall paintings, sculptures and priceless manuscripts were carried away, literally by the ton, and are today scattered through the museums of a dozen countries. Peter Hopkirk tells the story of the intrepid men who, at great personal risk, led these long-range archaeological raids, incurring the undying wrath of the Chinese.
