"Before Prophet Draws can have a future, he must first put his past to rest." Prophet Draws is a man on the edge, and he's pulling Tom Boudreaux, his partner on the job and in real life, right over with him. When his old CO calls in a favor, Prophet asks Tom to join the off-the-grid rescue. But the mission raises all of Prophet's old ghosts: CIA assassins, the terrorist Sadiq, and most importantly, John-traitor, former teammate, and Prophet's first love. To help bury those ghosts for good, Prophet and Tom gather the members of Prophet's former SEAL team . . . and a spook named Cillian who's been tailing Prophet for years. In the process, Prophet is forced to face his team's shifting loyalties, ghosts who refuse to stay dead, and scariest of all, his own limitations. With everyone's lives in danger, Prophet and Tom must unravel a tangled knot of secrets, including their own. Prophet must decide how much to reveal to Tom, while Tom must decide how far he's willing to go to help Prophet lay his ghosts to rest.

Everyone knows that Prophet -- former Navy SEAL, former CIA spook, full-time pain in the ass -- works alone. But his boss at Extreme Escapes, Ltd. has just assigned Proph a new partner and a case haunted by ghosts from Proph's past. Suddenly, he has to confront both head-on.

Soldier of fortune Prophet Draws always worked alone-until Tom Boudreaux became his partner. But when Tom walked away three months ago, ostensibly to keep Prophet safe, Prophet learned the true meaning of " being" alone. Everyone knows that Prophet, a Navy SEAL turned CIA spook turned mercenary, can look after himself. Which means he must've driven his lover away. Even with half a world between them, Prophet can't get the man out of his head. Maybe that's why he's in New Orleans in the middle of a hurricane, protecting Tom's aunt. But the only looter around is Tom, bursting back into Prophet's life. It turns out that Prophet's been stuck in "Tom's" head-and heart-too. Their

explosive reunion gets even hotter when Tom is arrested for murder. As they fight to clear his name, they delve deep into his past, finding enemies among everyone they meet. Staying alive in such a dangerous world is hard enough, but they soon discover that fighting to stay together is the most difficult thing they've ever done.

Some ghosts refuse to stay buried . . . Prophet and Tom have been through the ringer more times than they can count, both as partners in the field and in life. Yet despite it all, they've built something great together. But now they need to protect it again Prophet's old nemesis, John Morse, is back and threatening everything he loves. Prophet is driven enough to take John down alone, and with a chance to do exactly that on the table, he runs with it, risking himself in the process. But trusting Tom to help him is so much more than mission critical. It's the final stand, and with Tom and his team behind him, Prophet's in for the fight of his life. Then a figure from his past goes missing, and the consequence of an old mission rears its head. As complications and destruction mount all around them, getting out alive becomes the most important mission of their lives.

A strong mutual attraction quickly develops, but as Ross struggles to open his heart to this fascinating woman, Laurie 's empathic gift seems to have vanished. After the two return to Chicago, they endeavor to solve a mystery revolving around a Prohibition Era journal they discovered in Montana. But when a former boyfriend begins to stalk Laurie, Ross must become her protector as well as her lover.

The untold story of life on the road with the Grateful Dead, written by an insider who lived it from the early days to today. Steve Parish was never one to walk the straight-and-narrow, even during his childhood growing up in Flushing Meadow, Queens. Busted as a teenager for selling acid in the summer of 1968, Parish landed in Riker's Island. The experience changed him and after getting out he did his best to stay out of trouble, securing a job moving music equipment at the New York State Pavilion. The first show he worked was a Grateful Dead concert in July of 1969 and Parish was captivated by the music. A life seemingly headed nowhere had suddenly found its calling as he fell in quickly with a band of likeminded misfits who formed the nucleus of what would be the greatest road crew in rock 'n' roll history. Parish traveled to California where his apprenticeship began. Working for the band for free and learning his craft, Parish got to know Jerry, Bobby, Phil, Billy and Mickey and through the years their relationships forged an unbreakable bond. He became very close with Garcia in particular, acting as his personal roadie and later manager for his solo performances and Garcia Band shows. He was there during times of trouble (like when a pimp held Garcia hostage at gunpoint in a New York hotel room), spending hours by his bedside when Garcia was in a coma in 1986, and performing the duties of best man at his wedding. He was also the last friend to see Garcia alive. Throughout the Dead's historic run, there were parties of biblical proportion and celebrity run-ins with everybody from Bob Dylan to Frank Sinatra—but there was a dark side to life on the road and tragedy didn't just strike the musicians. But Home Before Daylight is a story of friendship, of music and redemption. It is a piece of music history, one that reflects the American spirit of adventure and brotherhood. Seen through Steve Parish's eyes and experiences, The Grateful Dead's wild ride has never been so revealing.

NATIONAL BESTSELLER WINNER OF THE PULITZER PRIZE The searing, post-apocalyptic novel about a father and son's fight to survive. A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.
