This book contains the research contributions presented at the 14th International Conference on Computing and Information Technology (IC2IT 2018) organised by King Mongkut's University of Technology North Bangkok and its partners, and held in the northern Thai city of Chiang Mai in July 2018. Traditionally, IC2IT 2018 provides a forum for exchange on the state of the art and on expected future developments in its field. Correspondingly, this book contains chapters on topics in data mining, machine learning, natural language processing, image processing, networks and security, software

engineering and information technology. With them, the editors want to foster inspiring discussions among colleagues, not only during the conference. It is also intended to contribute to a deeper understanding of the underlying problems as needed to solve them in complex environments and, beneficial for this purpose, to encourage interdisciplinary cooperation.

Avoiding sensationalism and date-speculating, respected Bible teacher Amir Tsarfati uses his unique perspective as an Israeli Christian to lead you through a fascinating modern-day description of God's plan for the end of the world. Grounded from start to finish in Scripture, the book reveals how the Rapture, the

imminent rise of the Antichrist, and the tragic horrors of the Great Tribulation will play out in our world today. He also helps you understand the roles--and fates--of Russia, Iran, Syria, Turkey, the European Union, the United States of America, and Israel in the end times, showing just how biblical prophecies are being fulfilled in our time. But above all, he offers hope that in the midst of chaos and horror, God is ultimately in control, and those who belong to him will be safe with him.

What happens when you live longer than you wanted to? Parvin Blackwater wanted to die, but now she's being called to be a leader. The only problem is, no

one wants to follow. The Council uses Jude's Clock-matching invention to force "new-and-improved" Clocks on the public. Those who can't afford one are packed into boxcars like cattle and used for the Council's purposes. Parvin and Hawke find themselves on a cargo ship of Radicals headed out to sea. What will the Council do to them? And why are people suddenly dying before their Clocks have zeroed-out?

A look at the German High Command during World War II challenges the myth that the German Generals could have won the war had Hitler not interfered, and
