They busted out of McAlester State Penitentiary--three escaped convicts going to ground in a world unprepared for anything like them.... Lamar Pye is prince of the Dirty White Boys. With a lion in his soul, he roars--for he is the meanest, deadliest animal on the loose.... Odell is Lamar's cousin, a hulking manchild with unfeeling eyes. He lives for daddy Lamar. Surely he will die for him.... Richard's survival hangs on a sketch: a crude drawing of a lion and a half-naked woman. For this Lamar has let Richard live... Armed to the teeth, Lamar and his boys have cut a path of terror across the Southwest, and pushed one good cop into a crisis of honor and conscience. Trooper Bud Pewtie should have died once at Lamar's hands. Now they're about to meet again. And this time, only one of them will walk away....

Escaping from McAlester State Penitentiary, convicts Lamar Pye, Odell, and Richard cut a path of terror across the southwest, compelling one-time victim and officer Bud Pewtie to exact a final justice. Reprint.

In the death throes of World War II, one man is still at war, and he's got got the world's deadliest weapon in his hands . . . With a sniper's rifle he has calmly executed hundreds of enemy soldiers in a single battle, and gunned down thousands of innocent civilians in a single day, waiting patiently for the barrel of his gun to cool before resuming his craft . . . It is the spring of 1945. And Repp, the master sniper, is about to carry out his final mission--even as Germany's enemies overrun it, even while a tired, disorganized team of American and British agents tries everything in its power to stop him. Because for Repp, this is the one job at which he cannot fail. For this time, he possesses the ultimate killing tool. And with it, he will commit the ultimate crime. . . . Praise for The Master Sniper "Mesmerizing suspense."--Kirkus Reviews "Hunter is a deft craftsman with a sure sense of pace and scene. He also knows about irony and sprinkles just a bit over every corpse."--The Washington Post "Stephen Hunter is the best writer of straight-out thrillers working today."--Rocky Mountain News

A second chance... In the windswept sands of the Middle East, Paul Chardy fought side by side with Ulu Beg: one, a charismatic, high-strung CIA covert warrior, the other a ferocious freedom fighter. Then Chardy fell into the hands of the enemy, and Beg was betrayed. Now the two men are about to meet again. A second gun... Beg has come over the Mexican border under a hail of bullets--determined to assassinate a leading American political figure and avenge his people's betrayal. The CIA wants Chardy to stop the hit. Chardy wants to save Beg's life.

Between the two men is a tragic past, a failed mission, and a woman who knew them in war--and who knows their secrets now. Around both men is a conspiracy of lies and violence that reaches back to the Cold War. But as Beg moves in for his kill and as Chardy breaks loose from his handlers, a terrible truth begins to emerge: somewhere, someone wants both men to die.

In 1951, the disappearance of Sam Vincent, a former prosecutor assigned to investigate a prison for violent African-American convicts in Thebes, Mississippi, draws his old friend Earl Swagger into a dangerous confrontation with a town that guards itself from strangers with a private army of brutal, Klan-type thugs and rednecks. Reprint.

The undisputed master of the tough thriller, New York Times bestselling author Stephen Hunter delivers an "exciting and intelligent" (The Wall Street Journal) masterpiece set in 1940s Arkansas, where law and corruption ricochet like slugs from a .45 automatic. Earl Swagger is tough as hell. But even tough guys have their secrets. Plagued by the memory of his abusive father, apprehensive about his own impending parenthood, Earl is a decorated ex-Marine of absolute integrity--and overwhelming melancholy. Now he's about to face his biggest, bloodiest challenge yet. It is the summer of 1946, organized crime's garish golden age, when American justice seems to have gone to seed for good. Nowhere is this truer than in Hot Springs, Arkansas, the reigning capital of corruption. When the district attorney vows to bring down the mob, Earl is recruited to run the show. As casino raids erupt into nerve-shattering combat amid screaming prostitutes and fleeing johns, the body count mounts--along with the suspense in this "riveting" (Los Angeles Times), "richly told tale" (The San Francisco Examiner).

"A harsh, visceral, novel of conspiracy and betrayal . . . a disturbing mix that plays on our sense of history while at the same time it appeals to our darkest fantasies of rough justice."--Chicago Tribune The inspiration for the USA Network series Shooter He was one the best Marine snipers in Vietnam. Today, twenty years later, disgruntled hero of an unheroic war, all Bob Lee Swagger wants to be left alone and to leave the killing behind. But with consummate psychological skill, a shadowy military organization seduces Bob into leaving his beloved Arkansas hills for one last mission for his country, unaware until too late that the game is rigged. The assassination plot is executed to perfection--until Bob Lee Swagger, alleged lone gunman, comes out of the operation alive, the target of a nationwide manhunt, his only allies a woman he just met and a discredited FBI agent. Now Bob Lee Swagger is on the run, using his lethal skills once more--but this time to track down the men who set him up and to break a dark conspiracy aimed at the very heart of America.
