Traces the development of Disney animation, explains what made Disney's style unique, and features original sketches and drawings revealing the origins of Mickey Mouse and other Disney characters

The inside story of the gradual perfecting of Disney's character animation technology, an American art form.

A must for collectors and fans of all ages, this is the most exciting, comprehensive, and thorough examination of what the Disney magic is all about. More than 2,700 illustrations, 489 in full color.

Looks at movie stills and drawings for a variety of Disney animated films and shows how sight gags, visual puns and jokes are developed

Learn from the men who changed animation forever Walt Disney's team of core animators, who he affectionately called his \"Nine Old Men,\" were known for creating Disney's most famous works, as well as refining the 12 basic principles of animation. Follow master animator and Disney legend Andreas Deja as he takes you through the minds and works of these notable animators. An apprentice to the Nine Old Men himself, Deja gives special attention to each animator and provides a thoughtful analysis on their techniques that include figure drawing, acting, story structure, and execution. The in-depth analysis of each animator's work will allow you to refine your approach to character animation. Rare sequential drawings from the Disney archives also give you unprecedented access and insight into the most creative minds that changed the course of animation. Instruction and analysis on the works of each of the Nine Old Men broaden your creative choices and approaches to character animation Original drawings, some never-before-seen by the public are explored in depth, giving you behind-the-scenes access into Disney animation history Gain first-hand insight into the foundation of timeless characters and scenes from some of Disney's most memorable feature and short films
