This comprehensive quick and easy-to-use supplement complements any fourth grade math curriculum. The reproducible activities review twenty-four essential math skills and concepts in only ten minutes each day during a four-day period. On the fifth day, a 20-minute ten problem assessment is provided. The exercises in this book cover a 40-week period and are designed on a continuous spiral so concepts are repeated weekly. Concepts include place value, number concepts, time and money, measurement, graphs and tables, estimation, problem solving, word problems, and more. It also includes test-taking tips, skills and concepts charts, scope and sequence charts, and an answer key.

Daily Language Review helps you build students' language skills with focused practice covering grammar, punctuation, usage, and sentence editing skills. And an all-new, easy-to-read scope and sequence chart helps teachers document the skills being covered. The set contains 5 Student books

Collection of activities for daily use that review language arts concepts such as sentence editing, punctuation, grammar, vocabulary, spelling, and comprehension skills.

This book includes Monday to Friday lessons for each day of a 36-week school year and short daily lessons. The Monday to Thursday lessons include two sentences to edit, including corrections in punctuation, capitalization, spelling, grammar, and vocabulary and three items practicing a variety of language and reading skills. Friday practice cycles through four formats: language usage, identifying and correcting mistakes and combining sentences, and choosing reference materials. The pages are reproducible and the book includes a skills list and answer keys.

Build a foundation and focus on what matters most for math readiness with Common Core Math 4 Today: Daily Skill Practice for fourth grade. This 96-page comprehensive supplement contains standards-aligned reproducible activities designed to focus on critical math skills and concepts that meet the Common Core State Standards. Each page includes 16 problems to be completed during a four-day period. The exercises are arranged in a continuous spiral so that concepts are repeated weekly. An assessment for the fifth day is provided for evaluating students' understanding of the math concepts practiced throughout the week. Also included are a Common Core State Standards alignment matrix and an answer key.
