NEW YORK TIMES BESTSELLER Even though Lorana cured the plague that was killing the dragons of Pern, sacrificing her queen dragon in the process, the devastating disease has left too few dragons alive to fight the fall of deadly Thread. As morale at Telgar Weyr plunges in the wake of the widespread loss, and Weyrwoman Fiona and the harper Kindan struggle to keep hope from vanishing, a pregnant Lorana decides she must take drastic steps. Nothing short of manipulating time itself will undo the damage done by the plague. But attempting time travel could have devastating consequences—altering history, and destiny, forever. Now, somehow, Lorana must find a way to accomplish what seems impossible: bending the natural laws of the universe without wreaking havoc on existence itself. To ensure the future of Pern, she's willing to take the fateful chance—even if it demands yet another, far greater, sacrifice. **BONUS:** This edition contains an excerpt from Anne McCaffrey and Todd McCaffrey's *Sky Dragons*.

Weyrwoman Fiona struggles to keep her surviving Weyr in fighting shape while Lorana plans a complicated time-travel journey to save their world.

NATIONAL BESTSELLER • “Captivating . . . The McCaffreys are well known for their brilliant characterizations, and they do not disappoint here.”—Booklist In Fort Hold, a clutch of fire-lizard eggs is about to hatch, and Lord Bemín’s beautiful young daughter, Koriana, is determined to Impress one of the delightful creatures. At the hatching, apprentice harper Kindan Impresses a fire-lizard of his own . . . and wins the heart of Koriana. But Lord Bemín mistrusts harpers and will not hear of a match between his daughter and the low-born Kindan. Then fate intervenes in the form of a virulent plague as fast-spreading as it is deadly. Arising suddenly, as if out of nowhere, the contagion decimates hold after hold, paying no heed to distinctions of birth. In this feverish crucible, friendship and love will be tested to the breaking point and beyond. For with Threadfall scant years away, the Dragonriders dare not expose themselves to infection, and it will fall to Kindan and his fellow apprentices to bravely search for a cure and save humanity. “Strong storytelling and compelling drama, along with memorable characters.”—Library Journal

With a cast of beloved characters from previous Pern novels, *Dragongirl* is another triumph for Todd McCaffrey—and a riveting chapter for the Dragonriders of Pern. Young Fiona, rider of the gold queen Talenth, has returned with the dragons and riders who fled into the past to heal their battle wounds and prepare to fight anew the menace of Thread. Now more than three years older, Fiona is no longer a child but a woman—thrust into authority by a shocking tragedy. But leading weyrfolk who are distrustful of a young outsider will be only one of her challenges. Despite gaining reinforcements from the past, too few dragons have survived the recent plague to stem the tide of the intensifying Threadfall. As a senior Weyrwoman, Fiona must take decisive action. With the aid of Lorana, the rider who sacrificed her

dragon for others, and Fiona's true love, the harper Kindan, she proposes a daring, nearly impossible plan. But if it succeeds, it just might save them all.

NEW YORK TIMES BESTSELLER Scores of dragons are dead after plague swept across the world of Pern, and now the Weyrs are struggling to rebuild before Threadfall destroys everything—and everyone—left alive. Their best hope lies with a group of new dragonriders who have volunteered to brave the dangers of an unexplored island populated by vicious wild felines and voracious tunnel-snakes to create a safe home for their young dragons, whose offspring will hopefully replenish Pern's decimated population. But their leader, Xhinna, the first female rider of a blue dragon, faces an uphill battle to win the respect of her peers, especially after tragedy leaves the new colony reeling. The way forward seems to lie with the awesome ability of the dragons to travel through time. But that power comes with risks: By venturing into the past, Xhinna may jeopardize the very future she has sworn to save. “Memorable characters and a good balance of individual dramas and large-scale action make this a strong addition to the Pern saga.”—Library Journal “Longtime fans will enjoy the latest adventures of the cheerful dragonriders and their colorful mounts.”—Publishers Weekly “McCaffrey will be remembered, rightly, as one of science fiction's grand masters.”—Tor.com

Science fiction Grand Master Anne McCaffrey and her work, particularly her Dragonriders of Pern series, are beloved by generations of readers. She was one of the first science fiction writers to appear on the New York Times bestseller list, the first woman to win the Hugo and Nebula Awards, and an inductee to the Science Fiction Hall of Fame. Her death in November 2011 was met with an outpouring of grief and memories from those whose lives her stories had touched. Edited by her son Todd,

Woods ? Chelsea Quinn Yarbro

In this triumphant return to Pern, Anne McCaffrey takes us on an adventure as surprising and unforgettable as any that has come before . . . It is a time of hope and regret, of endings and beginnings. The Red Star, that celestial curse whose eccentric orbit was responsible for Thread, has been shifted to a harmless orbit, and the current Threadfall will be the last. Technological marvels are changing the face of life on Pern. And the dragonriders, led by F'lessan, son of F'lar and Lessa and rider of bronze Golanth, and Tia, rider of green Zaranth, must forge a new place for themselves in a world that may no longer need them. But change is not easy for everyone. There are those who will stop at nothing—not even violence—to keep Pern and its people pure. And now a brand-new danger looms from the skies . . . and threatens a catastrophe of unimaginable proportions. Once again, the world looks to the dragons and their riders to solve the crisis and save the world. But now, as the friendship of F'lessan and Tia begins to bloom into something more, unforeseen tragedy strikes: a tragedy destined to forever change the future—not just of the two young lovers, but of every human and dragon on Pern . . .

When young Fiona is asked to take on the role of Weyrwoman, she soon discovers the challenges of her

new position, from unexpected perils to the possibility of losing her own dragon to the sickness that has claimed others.

NEW YORK TIMES BESTSELLER • Go back in time and visit Pern like it's never been seen before in this thrilling prequel about the creation of dragons. The beautiful planet Pern seemed a paradise to its new colonists—until unimaginable terror turned it into hell. Suddenly deadly spores were falling like silver threads from the sky, devouring everything—and everyone—on their path. It began to look as if the colony, cut off from Earth and lacking the resources to combat the menace, was doomed. Then some of the colonists noticed that the small, dragonlike lizards that inhabited their new world were joining the fight against Thread, breathing fire on it and teleporting to safety. If only, they thought, the dragonets were big enough for a human to ride and intelligent enough to work as a team with a rider... And so they set their most talented geneticist to work to create the creatures Pern so desperately needed—Dragons!

Volume III of *The Dragonriders of Pern*®, the influential series by sci-fi/fantasy titan Anne McCaffrey. Never in the history of Pern has there been a dragon like Ruth. Mocked by other dragons for his small size and pure white color, Ruth is smart, brave, and loyal—qualities that he shares with his rider, the young Lord Jaxom. Unfortunately, Jaxom is also looked down upon by his fellow lords, and by other riders as well. His dreams of joining the dragonriders in defending Pern are dismissed. What else can Jaxom and Ruth do but strike out on their own, pursuing in secret all they are denied? But in doing so, the two friends will find themselves facing a desperate choice—one that will push their bond to the breaking point . . . and threaten the future of Pern itself.
