Calling it 'a virtual cinemath'que on video', the Telluride Film Festival gave its coveted Silver Medallion award to Facets Video Encyclopedia. The Encyclopedia lists more than 35,000 rare films on video, laser disc and DVD. Included are foreign, independent, classic American, silent, documentary, experimental, cult and children's films. Each is carefully described and lists director, country of origin, year and running time credits and is categorized and cross-referenced by director and country. All films are available for sale or rent from Facets Multimedia.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Beginning with 1937, the April issue of each vol. is the Fleet reference annual.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
