Diana en este drama de Pablo Larraín.

Years after her death, Princess Diana remains a mystery. Was she “the people’s princess,” who electrified the world with her beauty and humanitarian missions? Or was she a manipulative, media-savvy neurotic who nearly brought down the monarchy? Only Tina Brown, former Editor-in-Chief of Tatler, England’s glossiest gossip magazine; Vanity Fair; and The New Yorker could possibly give us the truth. Tina knew Diana personally and has far-reaching insight into the royals and the Queen herself. In *The Diana Chronicles*, you will meet a formidable female cast and understand as never before the society that shaped them: Diana's sexually charged mother, her scheming grandmother, the stepmother she hated but finally came to terms with, and bad-girl Fergie, her sister-in-law, who concealed wounds of her own. Most formidable of them all was her mother-in-law, the Queen, whose admiration Diana sought till the day she died. Add Camilla Parker-Bowles, the ultimate "other woman" into this combustible mix, and it's no wonder that Diana broke out of her royal cage into celebrity culture, where she found her own power and used it to devastating effect.

Actor. Director. Visionary. The fascinating life of Sam Wanamaker is explored for the first time in this biography by Diana Devlin, who worked closely with Wanamaker during the last twenty years of his life. Sam Wanamaker (1909 - 1993) is best known as the man who spent the last twenty-five years of his life campaigning to reconstruct Shakespeare's Globe near its original site in London. Born in the USA, he trained as an actor in Chicago and began his career during the golden age of radio drama, before moving on to Broadway. A vocal left wing activist, Wanamaker moved to the UK during the turbulent era of the anti-Communist witch hunts. Having crossed the Atlantic, he carved a successful international career as actor, producer and director. He directed the opening production at the Sydney Opera House. With his staunch sense of purpose, he made as many enemies as friends: charismatic and persuasive, he was also stubborn and domineering. But above all, he was a man of great vision, and it was that vision that inspired many to help make his dream of Shakespeare's Globe come into being, which opened to much fanfare in 1997

Dubbed the British Marilyn Monroe' or the British Bridget Bardot', Diana Dors finally proclaimed I'd rather be known as the hurricane in mink'. The actress was best known for her lavish lifestyle; she was a blonde bombshell with a penchant for flashy cars, opulent mansions, glitzy garb and jet-setting living. Diana Dors' rise to fame started with being a GI favourite during the war. However, she was keen to ditch her goody-goody image and announced that she wanted to be like Errol Flynn. It worked she became a huge star, working with the likes of Joan Crawford and famously starred in Yield to the Night, the movie that contributed to the abolition of the death penalty. But despite the glamour, her affairs, sex parties and OTT lifestyle, including an illicit affair with Rod Steiger left her branded as a scarlet woman, unwanted by the Studios. Undeterred, the indomitable Dors simply worked tirelessly to establish for herself a successful career in cabaret. Her life was didn't always smell of roses: her first husband cheated on her, stole from her, beat her and finally died of syphilis. Another lover who she considered faithful two-timed her with Rock Hudson. She finally found love with husband number three, who killed himself 5 months after her death. This is the amazing story of an actress who loved life and lived it to the full, told with compassion and vigour.

Claire Randall is leading a double life. She has a husband in one century, and a lover in another... In 1945, Claire Randall, a former combat nurse, is back from the war and reunited with her husband on a second honeymoon—when she innocently touches a boulder in one of the ancient stone circles that dot the British Isles. Suddenly she is a Sassenach—an "outlander"—in a Scotland torn by war and raiding border clans in the year of our Lord...1743. Hurlled back in time by forces she cannot understand, Claire's destiny is soon inextricably intertwined with Clan MacKenzie and the forbidden Castle Leoch. She is catapulted without warning into the intrigues of lairds and spies that may threaten her life ...and shatter her heart. For here, James Fraser, a gallant young Scots warrior, shows her a passion so fierce and a love so absolute that Claire becomes a woman torn between fidelity and desire...and between two vastly different men in two irreconcilable lives.

History has seen only a few women so magical, so evanescent, that they captured the spirit and imagination of their times. Diana, Princess of Wales and Jacqueline Kennedy Onassis were two of these rare creatures. They were the most famous women of the twentieth century--admired, respected, even adored at times; rebuked, mocked and reviled at others. Separated by nationality and a generation apart, they led two surprisingly similar lives. Both were the daughters of acrimonious divorce. Both wed men twelve years their senior, men who needed "trophy brides" to advance their careers. Both married into powerful and domineering families, who tried, unsuccessfully, to tame their willful independence. Both inherited power through marriage and both rebelled within their official roles, forever crushing the archetype. And both revolutionized dynasties. And yet in many ways they were completely different: Jackie lived her life with an English "stiff upper lip"--never complaining, never explaining in the face of immense public curiosity. Diana lived her life with an American "quivering lower lip"--with televised tell-alls, exposing her family drama to a world eager for every detail. These two lives have been well documented but never before compared. And never before examined in the context of their times. Jay Mulvaney, author of Kennedy Weddings and Jackie: The Clothes of Camelot, probes the lives of these two twentieth century icons and discovers: -The nature of their personalities forged from the cradle by their relationships with their fathers, Black Jack Bouvier and Johnny Spencer -Their early years, and their early relationships with men. -Their marriages, and the truth behind the lies, the betrayals and the arrangements. -Their greatest achievements: motherhood. -Their prickly relationships with their august

mothers-in-law, Rose Fitzgerald Kennedy and Queen Elizabeth II -Their lives as single women, working mothers.Their roles as icons and archetypes. Graced with never before seen photographs from many private collections, and painstakingly researched, Diana and Jackie presents these two remarkable and unique women as they have never been seen before.

An exploration of love, lust and betrayal. The central character is Diana Soren, an elegy for a decade that refused to die. She is a predator set on self-destruction, and a casualty of her own times and beauty. Carlos Fuentes is the author of "Terra Nostra" and "Old Gringo".
