Bennett-Alexander and Hartmans, *Employment Law for Business*, 4/e, addresses law and employment decisions from a managerial perspective. It is intended to instruct students on how

Access Free Employment Law For Business Students

to manage effectively and efficiently with full comprehension of the legal ramifications of their decisions. Students are shown how to think and analyze employment law facts using concrete examples of management-related legal dilemmas without clear-cut solutions. The methods of arriving at resolutions are emphasized, so that when the facts of the workplace problem are not quite the same, the student can still reach a good decision based on the legal considerations required by law, which remain relevant.

"A guide to employment law

Access Free Employment Law For Business Students

for students with no prior legal training, Employment Law for Business Students provides explanations of all the key topics in this area. Legal rules are described as they relate to the business world, highlighting how the law works in practice."--BOOK JACKET.

Employment Law for Business Students is the ideal companion to support non-law students in their studies. Written with the needs of business students in mind, the book combines clear and straightforward explanations of all aspects of employment law with a strong practical focus ensuring students gain

Access Free Employment Law For Business Students

a full understanding of how employment law operates in the workplace.

Tailored to meet the needs of business students, this book allows readers to navigate the core legal provisions in employment law and get to grips with crucial issues. The language used is easy to follow and the structure of the book provides an accessible introduction to the subject. Throughout, the book provides relevant examples, gives international law comparisons and imbues readers with a 'best practice' awareness. Students will also use the

Access Free Employment Law For Business Students

book to:

- Recognize and understand relevant case law in key areas;
- Understand how employment law works in practice;
- Assess the effectiveness of United Kingdom and European employment law.

This book will be of invaluable help to Undergraduate and MBA students as well as those pursuing a CIPD employment law course.

Written specifically for HR and Business students, Introduction to Employment Law is a clear and accessible guide to employment law and how it applies in practice. Covering everything from

Access Free Employment Law For Business Students

employment tribunals and discrimination to redundancy and termination of employment, this textbook doesn't assume any prior knowledge of the UK legal system and equips students with all the knowledge and skills that they need to take forward into the workplace. Fully revised with all the latest cases and legal developments, this new edition includes coverage of hot topics such as defining employment status in the gig economy, gender pay reporting, the General Data Protection Regulation (GDPR) and the legal implications to be considered with Britain's

Access Free Employment Law For Business Students

withdrawal from the European Union. Packed with pedagogical features to consolidate learning including chapter objectives, tasks, 'explore further' sections, key learning points and examples to work through, as well as a dedicated study skills chapter, Introduction to Employment Law is essential reading for all students studying the CIPD Level 5 Intermediate module in employment law as well as being a useful resource for those studying at level 3 and an accessible introduction for level 7 and those on undergraduate and postgraduate courses needing

Access Free Employment Law For Business Students

a thorough grounding in employment law. Online resources include lecture slides, case studies, multiple choice questions, annotated weblinks and an instructor's manual.

Law for Business Students is the popular textbook for introducing legal concepts to non-law students in a practical, engaging way through real-life cases relevant to the business world. A clear explanation of the study of law and study skills leads into the main core topics of law: contract (including

Access Free Employment Law For Business Students

intellectual property),
tort, employment and
business organisations
(including formation),
governance and dissolution.
The book also includes a
range of features to aid
understanding, applying and
analysing legal concepts: -
Scenarios – to encourage
development of opinions and
application of relevant
legal concepts. - Worth
thinking about – discussion
points to analyse within the
classroom. - Exam tips –
pointing to areas of the law
which are ripe for questions
in an exam, to help revision
practice. - Chapter
summaries – to reinforce
learning of key concepts. -

Access Free Employment Law For Business Students

Key terms – highlighted in margin notes. - Review questions with answers – self-test questions and worked exam examples to consolidate knowledge, encouraging students to apply the law and boost confidence. - Advanced questions – to challenge students in developing knowledge of the law. This 12th edition has been fully updated and also provides restructured coverage of negligence, with dedicated chapters covering negligence and special duty situations and product liability. Clear and concise, it provides accessible coverage of the fundamental legal principles

Access Free Employment Law For Business Students

and an understanding of the practical application of the law to the business environment.
