English Arabic ...

This is an Arabic-English Dictionary. It is very helpful if you are trying to learn Arabic but of course the words are not romanized/transliterated so you have to at least know how to read Arabic script and recognise root words. It is similar to Hans Wehr's but adds the bonus of giving you Arabic Synonyms for most entries.

"An enlarged and improved version of "Arabisches Wèorterbuch fèur die Schriftsprache der Gegenwart" by Hans Wehr and includes the contents of the "Supplement zum Arabischen Wèorterbuch fèur die Schriftsprache der Gegenwart" and a collection of new additional material (about 13.000 entries) by the same author."

How would you ever know that "to lose a baby ostrich" means to rush into something without thinking? Or that "what can the wind take from the pavement?" is said when someone has nothing left to lose? This comprehensive guide to idiomatic expressions in literary Arabic, the first of its kind, will inform, amuse, and entertain, through more than 8500 entries found in texts from the Qur'an to today's newspapers. With explanations in Arabic and English, it is an essential resource for both students of Arabic and native speakers. Reaching into the great wealth of this complex and intriguing language, the dictionary draws on and reveals the rich cultural and religious traditions of Arabic-speaking communities that have informed its idioms. Expressions of condolence, astonishment, and hardship, alongside sayings about friendship, miserliness, and reconciliation are collected and made accessible here, and glimpses are provided into history through phrases tied to important events and figures—from the ancient Egyptians to Saddam Hussein—altogether allowing a fascinating insight into Arabic's many quirks and intricacies.
