This book has been written with one principle in mind: Simplicity and clarity. Countless grammar books have so far been written for “ exam preparation purposes. ” Almost all of these books have one thing in common: as much information as possible crammed into the pages of the book and the topics not being covered in the order of importance. This leads to serious confusion for the exam takers in their preparation process, since they cannot know what parts to learn and feel overwhelmed due the density of the material to be learned. You will see that you will have really high scores from English grammar exams thanks to this reader-friendly and easy-to-follow book.
