FIGHTING FOR THE FRENCH FOREIGN LEGION is a grounded account, and yet it does not dispel the notions of romance and adventure many seeking the information experience. Instead, it adds humanity and substance to those notions and serves as a subtle warning: there is romance and adventure, but there is also hardship and psychological trauma to be had.

Fighting for the French Foreign Legion by Alex Lochrie

The French Foreign Legion in World War II was filled with Nazis The French Foreign Legion is one of France's elite fighting forces, filled with men who are ready and willing to do extreme violence on France's behalf. When 1930s Germany started looking at its neighbors with greedy eyes, it knew that it had to do something about the Legion.

The French Foreign Legion in World War II was filled with ...

Fighting for the French Foreign Legion: Memoirs of a Scottish Legionnaire Summary Fighting for the French Foreign Legion: Memoirs of a Scottish Legionnaire by Alex Lochrie The author describes how he joined the French Foreign Legion, without being able to speak any French and very close to the age limit.

Fighting for the French Foreign Legion: Memoirs of a ...

The French Foreign Legion (FFL; French: Légion étrangère, French pronunciation: [ləʒjɔ̃ et l ɑ̃ʒ ɑ̃t l ɑ̃ʒ], L.E.) is a military service branch of the French Army established in 1831. Legionnaires are highly trained infantry soldiers and the Legion is unique in that it is open to foreign recruits willing to serve in the French Armed Forces .

French Foreign Legion - Wikipedia

The French Foreign Legion had always attracted the dispossessed of every land, and in the 1930s there were plenty of refugees throughout Europe. First there were Spaniards, the losers in that country's civil war; then there were the Jews and others fleeing Nazi persecution; later, Czechs and Poles were added to the list as the German army began its march across Europe.

World War II: A Tale of the French Foreign Legion

Alternative Title: Légion étrangère. French Foreign Legion, French Légion étrangère, an elite military force originally consisting of foreign volunteers in the pay of France but now comprising volunteer soldiers from any nation, including France, for service in France and abroad. Created as a temporary expedition in a French army that otherwise barred foreigners from serving in its ranks, the French Foreign Legion eventually gained a reputation as the world's premier mercenary corps.

French Foreign Legion | History & Facts | Britannica

Conceived in fear and mistrust, this fighting force of unmanageable misfits and deserters survived, thrived and earned its country's grudging respect. Time was, films about the French Foreign...

What ever happened to the French Foreign Legion?

The French Foreign Legion excels in small unit tactics. Due to the fact that in the beginning most of their soldiers don't know French, the Legion has drilled their soldiers in the use of nonverbal communication on the battlefield. Legionnaires react very quickly, which is a big plus, especially when it comes to anti-ambush tactics.

How good is the French Foreign Legion compared to the ...

This is a very rare and fascinating account of life as a modern day Legionnaire. The author describes how, with no French language ability, he approached recruiters for the French Foreign Legion in Paris and the demanding selection process that followed.

Fighting for the French Foreign Legion

Although it is documented that ex-SS soldiers both joined the French Foreign Legion and fought in the French Indochina War until approximately 1947 when France began to crack down, the book's claim that a battalion-sized unit was composed solely of Germans is unsupported by evidence presented by many Legion historians, records and books (such as Bernard Fall's Hell in a Very Small Place and Street Without Joy) on the French Indochina War. Skeptics have stated that the "Nazis in Indochina ...

A soldier's true story of danger and adventure as a modern-day legionnaire in Kuwait, Bosnia, and beyond. With no French language ability, Alex Lochrie approached recruiters for the French Foreign Legion in Paris and embarked on the demanding selection process that followed. When he was accepted, he and other prospective legionnaires were sent to Southern France to begin the harsh recruit training course. The mix of nationalities and backgrounds among his fellows was enormous. New members are traditionally allowed to change their identities;and Lochrie chose to alter his age, becoming twenty-eight instead of thirty-eight. Elite paratrooper training followed in Corsica before Lochrie earned his wings. The FFL is never far from the front line, and in this book he tells of challenging active service in former French colonies in Africa as well as during the first Gulf War, evicting Saddam Hussein from Kuwait, and operations in Bosnia and Sarajevo. This gripping account lifts the veil of mystery and myth, pulling you into the action;and revealing much about the realities of service in the Foreign Legion.

The French Foreign Legion is a complete, captivating study of the famed fighting force, from its inception in 1831 to modern times. Historian Douglas Porch chronicles the Legion's involvement in Spain, Mexico, Indochina, Madagascar, WWI, Vietnam, and Algiers (to name a few) and delves into the inner workings of legionnaires and their captains. Known for draconian discipline and shrouded in mystery, the secrets of the Legion are guarded by those who have gained admittance into its elite society. In this thoroughly researched and impressive account, Porch reveals the mysteries surrounding a Legion of [unparalleled exoticism, pathos, and drama.]

Five weeks after the outbreak of World War I in the summer of 1914, American Kilfin Rockwell was on a ship for France. The United States would not join the war nearly three years, but Rockwell believed it was time to fight. In France, he joined the elite French Foreign Legion and was soon fighting in the trenches of the Western Front. A combat wound in 1915 rendered him unfit to fight on the ground, so Rockwell volunteered to fight in the air, joining the brand-new Lafayette Escadrille, a storied fighter squadron of volunteer pilots, most of them American, most of them wealthy aristocrats. In May 1916, Rockwell became the first pilot to score a victory for the new unit when he shot down a German plane and soon after was wounded in the skies over Verdun. He flew the Lafayette Escadrille's every mission until his death in aerial combat in September 1916. First to Fight is a high-octane drama of a remarkable soldier and pilot who fought in the trenches and in the skies during World War I. It is the story of one of the first American fighter pilots at the dawn of aerial combat, the era of the Red Baron, with dogfighting biplanes high above the trench lines. But more than a World War I story, more than an aviation story, this is the story of an idealist who volunteered;long before his country drafted its first soldier;to fight, and ultimately die, in defense of civilization.

"[A pleasure to read and nearly impossible to put down.]" "Army Times "Embodies an experience that many have enjoyed in fantasy;few in reality.]" "The Washington Post The French Foreign Legion"mysterious, romantic, deadly"is filled with men of dubious character, and hardly the place for a proper Englishman just nineteen years of age. Yet in 1960, Simon Murray traveled alone to Paris, Marseilles, and ultimately Algeria to fulfill the toughest contract of his life: a five-year stint in the Legion. Along the way, he kept a diary. Legionnaire is a compelling, firsthand account of Murray's experience with this legendary band of soldiers. This gripping journal offers stark evidence that the Legion's reputation for pushing men to their breaking points and beyond is well deserved. In the fierce, sun-baked North African desert, strong men cracked under brutal officers, merciless training methods, and barbarous punishments. Yet Murray survived, even thrived. For he shared one trait with these hard men from all nations and backgrounds: a determination never to surrender. "The drama, excitement, and color of a good guts-and-glory thriller.]" "Dr. Henry Kissinger

Men of action and elite soldiers with a young and dynamic spirit, the French Foreign Legion are capable of doing their duty anywhere anytime. Martin Windrow's superb text examines the history of this famous force from the end of the Second World War onward. This first class addition to the Men-at-Arms series not only contains the usual wealth of accompanying photographs and illustrations, including eight full page colour plates by Mike Chappell, but is extended by a further 16 pages, allowing the author to display the full range of his expert knowledge, including 11 pages devoted to uniforms.

Appel: A Canadian in the French Foreign Legion is the first-hand account of the author's six years as a professional soldier during the 1990s, and his experience in the Legion's elite Groupe des Commandos Parachutistes (GCP). Joel Struthers recounts the dangers and demands of military life, from the rigours of recruitment and operational training in the rugged mountains of France, to face-to-face combat in the grasslands of some of Africa's most troubled nations. Told through the eyes of a soldier, and interspersed with humorous anecdotes, Appel is a fascinating story that debunks myths about the French Foreign Legion and shows it more accurately as a professional arm of the French military. Struthers provides insight into the rigorous discipline that the Legion instills in its young recruits, i who trade their identities as individuals for a life of adventure and a role in a unified fighting force whose motto is "Honour and Loyalty." Foreword by Col. Benoit Desmeulles, former commanding officer of the Legions 2e Régiment Étranger Parachutistes.

The French Foreign Legion is an extraordinary and unique army, specifically created for foreign nationals wishing to serve in the French Armed Forces, but commanded by French officers. For nearly two centuries, adventure seekers or men on the run from all around the globe have found a home in the Foreign Legion and shed blood for France. In this book, author Douglas Boyd has been given unrivalled access to the Legion to tell its story from its inception in the 1830s, when it was primarily used to protect and expand the French colonial empire during the nineteenth century, but it has also fought in almost all French wars including the Franco-Prussian War and both World Wars. The Legion is today known as an elite military unit whose training focuses not only on traditional military skills, but also on its strong esprit de corps.

Concluding his bestselling series on the French Foreign Legion, Martin Windrow explores the formation and development of the Legion during its 'first generation'. Raised in 1831, the Legion's formative years would see it fight continuous and savage campaigns in Algeria, aid the Spanish government in the Carlist War, join the British in the Crimean campaign and fight alongside the Swiss in the bloody battles of Magenta and Solferino. With the ever-changing combat environments they found themselves in, the Legion had to constantly adapt in order to survive. Taking advantage of the latest research, this lavishly illustrated study explores the evolution of the uniforms and kit of the French Foreign Legion, from their early campaigns in Algeria through to their iconic Battle of Camerone in Mexico and their role in the Franco-Prussian war.

Known for its austerity and discipline, deprivation and sacrifice, the French Foreign Legion is perhaps the most intriguing and famous fighting force in the world. Five years is a long time to commit to anything - especially when your life is at stake. In Life in the French Foreign Legion, Evan McGorman writes about his personal experiences between 1989 and 1994 during his time with the elite corps. He discusses every aspect of Legion life including the pros and cons of desertion.

The remarkable story of the French Foreign Legion, its dramatic rise throughout the nineteenth century, and its most committed champion, General Hubert Lyautey. An aura of mystery, romance, and danger surrounds the French Foreign Legion, the all-volunteer corps of the French Army, founded in 1831. Famous for its physically grueling training in harsh climates, the legion fought in French wars from Mexico to Madagascar, Southeast Asia to North Africa. To this day, despite its reputation for being assigned the riskiest missions in the roughest terrain, the mystique of the legion continues to attract men from every corner of the world. In At the Edge of the World, historian Jean-Vincent Blanchard follows the legion's rise to fame during the nineteenth century—focusing on its campaigns in Indochina and especially in Africa—when the corps played a central role in expanding and protecting the French Empire. As France struggled to be a power capable of rivaling the British, the figure of the legionnaire—deadly, self-sacrificing, uncompromisingly efficient—came to represent the might and morale that would secure a greater, stronger nation. Drawing from rare, archival memoirs and testimonies of legionnaires from the period and tracing the fascinating career of Hubert Lyautey, France's first resident-general in Morocco and a hero to many a legionnaire, At the Edge of the World chronicles the Foreign Legion at the height of its renown, when the corps and its archetypically handsome, moody, and marginalized recruits became both the symbols of a triumphant colonialism and the stuff of legend.
