Parents need to know that Fox Forever is the
last book in the Jenna Fox Chronicles
trilogy. Like the second book, The Fox
Inheritance, it's set in the future, and like
the whole series, it smartly addresses issues
of bioethics. Locke's brain was downloaded
into a box for 260 years and is given a body
that appears human but has special tissue
that can last for centuries.

Locke Jenkins has some catching up to do. After spending 260 years as a disembodied mind in a little black box, he has a perfect new body. But before he can move on with his unexpected new life, he'll have to return the Favor he accepted from the shadowy resistance group known as the Network. Locke must infiltrate the home of a government official by gaining the trust of his daughter, seventeen-year-old Raine, and he soon finds himself pulled deep into the world of the resistance—and into Raine's life. In Fox Forever, Mary E. Pearson brings the story she began in The Adoration of Jenna Fox and continued in The Fox Inheritance to a breathtaking conclusion as Locke discovers that being truly human requires much more than flesh and blood.

Once there were three. Three friends who loved each other—Jenna, Locke, and Kara. And after a terrible accident destroyed their

bodies, their three minds were kept alive, spinning in a digital netherworld. Even in that disembodied nightmare, they were still together. At least at first. When Jenna disappeared, Locke and Kara had to go on without her. Decades passed, and then centuries. Two-hundred-and-sixty years later, they have been released at last. Given new, perfect bodies, Locke and Kara awaken to a world they know nothing about, where everyone they once knew and loved is long dead. Everyone except Jenna Fox.

Who is Jenna Fox? Seventeen-year-old Jenna has been told that is her name. She has just awoken from a coma, they tell her, and she is still recovering from a terrible accident in which she was involved a year ago. But what happened before that? Jenna doesn't remember her life. Or does she? And are the memories really hers? This fascinating novel represents a stunning new direction for acclaimed author Mary Pearson. Set in a near future America, it takes readers on an unforgettable journey through questions of bio-medical ethics and the nature of humanity. Mary Pearson's vividly drawn characters and masterful writing soar to a new level of sophistication. The Adoration of Jenna Fox is a 2009 Bank Street - Best Children's Book of the Year.

Destiny Faraday makes a point of keeping her distance from her classmates at Hedgebrook Academy. Her number-one rule: Don't get attached. But one day, unexpectedly finding a car at their disposal, Destiny and three of her classmates embark on an unauthorized road trip. They're searching for one fair day—a day where the good guy wins and everything adds up to something just and right. Their destination: Langdon, a town that Destiny's unsuspecting companions hope will hold simply a day of fun. But, as Destiny says, "Things are not always what they seem." Only she knows that Langdon holds far more than that—a deep secret she has never shared with anyone. The Miles Between explores the wonder and magic of a very real world where chance,

A new, original science fiction story by Mary E. Pearson which features characters from and takes place in the near-future world of The Jenna Fox Chronicles. In "The Rotten Beast," a sixteen-year-old girl named Ally, living in a near future version of the U.S., is vehemently opposed to the way scientists are meddling with human and artificial life. In fact, she blames such scientific overreaching for the illness which is killing her. Before borders were drawn, before treaties were signed, before wars were waged anew, before the great kingdoms of the Remnant were even born and the world of old was only a hazy slate of memory told in story and legend, a girl and her family fought to survive. And that girl's name was Morrighan. In Morrighan, a prequel novella to Mary E. Pearson's *The Remnant Chronicles*, a girl and a boy from enemy camps meet, fall in love--and set history in motion.
