This wise and inspiring book by Leonard Berry, moves far beyond his pioneering work in services marketing and service quality to explain how great service companies meet their toughest challenge: sustaining long-term success. In a world where customers regard flawless products as a given, service is the key differentiator between competitors in any field. From Berry's exacting study of fourteen mature, highly successful, labor-intensive companies comes an astonishing revelation: the single most important factor in building a lasting service business is not a matter of savvy business practice, but of humane values. In all fourteen award-winning companies – Bergstrom Hotels, The Charles Schwab Corporation, Chick-It-A, The Container Store, Custom Research Inc., Dana Commercial Credit, Dial-A-Mattress, Enterprise Rent-A-Car, Midwest Express Airlines, Miller SQA, Special Expeditions, St. Paul Saints, USAA, and Ukrop's Super Markets – values-driven leadership connects with strategic focus, executional excellence, control of destiny, trust-based relationships, generosity, investment in employee success, acting small, and brand cultivation to drive customer satisfaction, innovation, and growth. Dedicating a chapter to each of these nine drivers, this book is the most far-reaching and insightful vision ever presented of the principles and step-by-step actions that continuously bring success to life in a company. Berry's comprehensive model reveals the soul that underlies the strategies and day-to-day operations of great service companies, guiding the thousands of daily decisions of individual employees. Clear, compelling, pathbreaking, *Discovering the Soul of Service* is essential reading for managers everywhere.
