Twenty-five years ago, how many people were thinking about the internet on a daily basis? Now you can find everything, including technical and instruction manuals, online. But some things never change. Users still need instructions and warnings to guide them in the safe and proper use of products. Good design, clear instructions and warnings, place

Technology is changing the way we do business, the way we communicate with each other, and the way we learn. This new edition is intended to help technical writers, graphic artists, engineers, and others who are charged with producing product documentation in the rapidly changing technological world. While preserving the basic guidelines for developing manuals and warnings presented in the previous edition, this new edition offers new material as well, including a much-expanded section on hazard analysis. Features Provides more explicit guidance on conducting a hazard analysis, including methods and documentation Offers in-depth discussion of digital platforms, including video, animations, and even virtual reality, to provide users with operating instructions and safety information Incorporates current research into effective cross-cultural communication—essential in today ' s global economy Explains new US and international standards for warning labels and product instructions Presents expanded material on user analysis, including addressing generational differences in experience and preferred learning styles Writing and Designing Manuals and Warnings, Fifth Edition explores how emerging technologies are changing the world of product documentation from videos to virtual reality and all points in between.

The wildly popular YouTube star behind Clean My Space presents the breakthrough solution to cleaning better with less effort Melissa Maker is beloved by fans all over the world for her completely re-engineered approach to cleaning. As the dynamic new authority on home and living, Melissa knows that to invest any of our precious time in cleaning, we need to see big, long-lasting results. So, she developed her method to help us get the most out of our effort and keep our homes fresh and welcoming every day. In her long-awaited debut book, she shares her revolutionary 3-step solution: • Identify the most important areas (MIAs) in your home that need attention • Select the proper products, tools, and techniques (PTT) for the job • Implement these new cleaning routines so that they stick Clean My Space takes the chore out of cleaning with Melissa ' s incredible tips and cleaning hacks (the power of pretreating!) her lightning fast 5-10 minute " express clean " routines for every room when time is tightest, and her techniques for cleaning even the most daunting places and spaces. And a big bonus: Melissa gives guidance on the best non-toxic, eco-conscious cleaning products and offers natural cleaning solution recipes you can make at home using essential oils to soothe and refresh. With Melissa ' s simple groundbreaking method you can truly live in a cleaner, more cheerful, and calming home all the time.
