If you're a beginner photographer, this book can save you hundreds of dollars. If you're a seasoned pro, it can save you thousands. With access to over 16 HOURS of online video, this book helps you choose the best equipment for your budget and style of photography. In this book, award-winning author and photographer Tony Northrup explains explains what all your camera, flash, lens, and tripod features do, as well as which are worth paying for and which you can simply skip. Tony provides information specific to your style of photography, whether you're a casual photographer or you're serious about portraits, landscapes, sports, wildlife, weddings, or even macro. For the casual reader, Tony provides quick recommendations to allow you to get the best gear for your budget, without spending days researching. If you love camera gear, you'll be able to dive into 200 pages of detailed information covering Nikon, Canon, Sony, Micro Four-Thirds, Olympus, Samsung, Leica, Mamiya, Hasselblad, Fuji, Pentax, Tamron, Sigma, Yongnuo, PocketWizard, Phottix, Pixel King, and many other manufacturers. Camera technology changes fast, and this book keeps up. Tony updates this book several times per year, and buying the book gives you a lifetime subscription to the updated content. You'll always have an up-to-date reference on camera gear right at your fingertips. Here are just some of the topics covered in the book: What should my first camera be?Which lens should I buy?Should I buy Canon, Nikon, or Sony?Is a mirrorless camera or a DSLR better for me?Do I need a full frame camera?Is it safe to buy generic lenses and flashes?What's the best landscape photography gear?Which portrait lens and flash should I buy?What gear do I need to photograph a wedding?How can I get great wildlife shots on a budget?Which sports photography equipment should I purchase?Should I buy zooms or primes?Is image stabilization worth the extra cost?Which type of tripod should I buy?Which wireless flash system is the best for my budget?How can I save money by buying used?What kind of computer should I get for photo editing?What studio lighting equipment should I buy?When you buy this book, you'll be able to immediately read the book online. You'll also be able to download it in PDF, .mobi, and .epub formats--every popular format for your computer, tablet, smartphone, or eReader!

Take Me To Truth is the first book to present a practical guide to the six stages involved in shedding our distorted ego perception. It explains why our search for real happiness has eluded us and how to perceive the Love for which we all yearn so deeply. As Gary Renard says in the Foreword... despite the thousands of things we may appear to have to choose from in this world, there are really only two things, and only one of them is real. The ego is not. Take me to Truth heralds the next crucial step in the pursuit of evolutionary consciousness.

Examines the role of silence in the history of the Christian faith, including the silent prayers of the faithful, the role of silence in monasteries, and the more negative forms of silence, particularly in dealing with the Catholic Church's internal sex scandals.

A fan-favorite story from New York Times bestselling author Suzanne Brockmann, originally published in 2003 For years, a trumped-up charge--and a Central American prison cell--has kept Jax Winchester from claiming the girl he loved. Now, he's technically a free man, but lives in a jail of his own making. The only way out is to keep the promise he made to Kelly O'Brien all those years ago--and claim her for his own...

Philosophy of Mind: A Contemporary Introduction is a comprehensive and accessible survey of main themes, positions and debates in philosophy of mind. John Heil introduces and discusses the major topics in succinct, user-friendly, self-contained chapters: * Cartesian dualism * Descartes's legacy * non-Cartesian dualism * behaviorism * the identity theory * functionalism * the representational theory of mind * qualia * radical interpretation * the intentional stance * eliminativism * property dualism * mind and metaphysics * the mind's place in nature This revised and updated edition includes expanded chapters on eliminativism, qualia, and the representational theory of mind, and an entirely new chapter on duality dualism. There are annotated suggestions for further reading at the end of each chapter, updated to include recent material and internet resources.

Reconciling explosive growth with often majestic landscape defines New Geographies of the American West. Geographer William Travis examines contemporary land use changes and development patterns from the Mississippi to the Pacific, and assesses the ecological and social outcomes of Western development. Unlike previous "boom" periods dependent on oil or gold, the modern population explosion in the West reflects a sustained passion for living in this specific landscape. But the encroaching exurbs, ranchettes, and ski resorts are slicing away at the very environment that Westerners cherish. Efforts to manage growth in the West are usually stymied at the state and local levels. Is it possible to improve development patterns within the West's traditional anti-planning, pro-growth milieu, or is a new model needed? Can the region develop sustainably, protecting and managing its defining wildness, while benefiting from it, too? Travis takes up the challenge , suggesting that functional and attractive settlement can be embedded in preserved lands, working landscapes, and healthy ecologies.

On the rink she's tough, she's a leader, she's fast and she's the epitome of a rebellious girl. But Nellie's been hurt, only once, but it was enough to make her look at life through different eyes and off the rink she's a timid girl who loves with no pretenses. A long time ago Owen Black was betrayed by the girl he thought he loved and the guy he called his best friend. The anguish set off a domino effect of negativity in his life and he never has fully recovered. He meets Nellie Forrester and thinks he can let it go for her. But how can you love someone when the wounds from your past are still wide open?

In his first book, Pastor D. Poy Hutchins candidly shares his journey of emotional healing after a season of loss, pain, and disappointment. Once happily married and budding in ministry, Hutchins found his world caving in when he seemed to have lost it all. After a heartbreaking divorce and devastating church failures, he found the inner strength to rebound and recover. Heartbreak Therapy is designed to help you rediscover the possibilities that seem so bleak. As you read, you will find that emotional healing is possible and you can recover.
