and what it takes to get hired there. Based on interviews and surveys of actual employees.

For more than a century, General Electric (GE) has been a global leader and iconic brand known for innovation and leadership in a wide range of endeavors.

# Read Free Ge Capital It Solutions

Its diversified portfolio of products is organized into four strategic business units: energy, technology infrastructure, GE Capital, and home and business solutions. GE began in 1878 when Thomas Edison formed the Edison General Electric Company (EGEC). Though Edison was best known for inventing the first

# Read Free Ge Capital It Solutions

incandescent light bulb, he also pioneered systems design for generating and distributing electricity, eventually holding over 1000 patents. Within a few years, the rival Thomas Houston Company, which held key patents in the same area, challenged EGEC's position in the marketplace. In 1892, the two companies

# Read Free Ge Capital It Solutions

merged, forming General Electric. GE then parlayed the demand for electricity into the invention of home heating, stoves and other appliances, and refrigeration, transforming American households; and went on to become an innovator in a myriad of fields from medicine, aviation, and transportation to plastics and financial

# Read Free Ge Capital It Solutions

services. GE created the GE Credit Corporation [later GE Capital] in the wake of the Great Depression to facilitate the sale of household appliances and provide the option of extended payments for consumers. Innovation defined the organization and the commitment to research and development remained key.
