The sixth grade is the sixth school year after kindergarten. Students are usually either 11 or 12, though could be younger or older, if they are promoted (skip grades) or held back for not reaching a standard. In the United States, sixth grade has been considered the last year of elementary school or the first year of middle school.

"Total curriculum guide to teach your child at home"--Cover.

Donalyn Miller says she has yet to meet a child she couldn't turn into a reader. No matter how far behind Miller's students might be when they reach her 6th grade classroom, they end up reading an average of 40 to 50 books a year. Miller's unconventional approach dispenses with drills and worksheets that make reading a chore. Instead, she helps students navigate the world of literature and gives them time to read books they pick out themselves. Her love of books and teaching is
