The Periegesis Hellados (Description of Greece) by Pausanias is the most important example of non-fictional travel literature in ancient Greek. With this work Professor Hutton provides the first book-length literary study of the Periegesis Hellados in nearly one hundred years. He examines Pausanias' arrangement and expression of his material and evaluates his authorial choices in light of the contemporary literary currents of the day and in light of the cultural milieu of the Roman empire in the time of Hadrian and the Antonines. The descriptions offered in the Periegesis Hellados are also examined in the context of the archaeological evidence available for the places Pausanias visited. This study reveals Pausanias to be a surprisingly sophisticated literary craftsman and a unique witness to Greek identity at a time when that identity was never more conflicted.

This book examines the impact of the Roman cultural revolution under Augustus on the Roman province of Greece. It argues that the

transformation of Roman Greece into a classicizing 'museum' was a specific response of the provincial Greek elites to the cultural politics of the Roman imperial monarchy. Against a background of Roman debates about Greek culture and Roman decadence, Augustus promoted the ideal of a Roman debt to a 'classical' Greece rooted in Europe and morally opposed to a stereotyped Asia. In Greece the regime signalled its admiration for Athens, Sparta, Olympia and Plataea as symbols of these past Greek glories. Cued by the Augustan monarchy, provincial Greek notables expressed their Roman orientation by competitive cultural work (revival of ritual; restoration of buildings) aimed at further emphasising Greece's 'classical' legacy. Reprised by Hadrian, the Augustan construction of 'classical' Greece helped to promote the archaism typifying Greek culture under the principate.

Pausanias, the Greek historian and traveler, lived and wrote around the second century AD, during the period when Greece had fallen peacefully to the Roman Empire. While fragments from this period abound, Pausanias' *Periegesis* ("description") of Greece is the only fully preserved text of travel writing to have survived. This collection uses Pausanias as a multifaceted lens yielding indispensable information about the cultural world of Roman Greece.
