- The only program that supports the Common Core State Standards throughout four-years of high school mathematics with an unmatched depth of resources and adaptive technology that helps you differentiate instruction for every student. * Connects students to math content with print, digital and interactive resources. * Prepares students to meet the rigorous Common Core Standards with aligned content and focus on Standards of Mathematical Practice. * Meets the needs of every student with resources that enable you to tailor your instruction at the classroom and individual level. * Assesses student mastery and achievement with dynamic, digital assessment and reporting. Includes Print Student Edition

Because mastering geometric concepts is challenging, Geometry employs a step-by-step approach that focuses on applying these concepts to everyday life and making geometry accessible to all of your students. Your students will gain a full range of understanding with hands-on activities, technology that adds visual depth to lessons, and online homework help from go.hrw.com. The program also features a variety of planning tools, key teaching concepts and strategies, and other resources for teachers. You will have flexibility in planning your lessons with all of the technology resources we offer with this program--internet activities, lesson presentations on CD-ROM, and more. - Publisher.
