In this sequel to his first volume of autobiography *Pride and Perjury*, Aitken starts his story as he is taken down from the courtroom and incarcerated at Her Majesty's Pleasure. How this Old Etonian former Cabinet Minister on Mrs Thatcher's inner circle managed to establish new relationships and lasting friendships with fellow prisoners is fascinating - so too is this account of how religious belief transformed his life. Aitken has lost none of his charm, fluency and determination - and he has found an authentic new life which readers of this entertaining new book will be able to judge for themselves. 'A rich collection of humorous tales of prison life... Aitken seems to have found a new vocation of both a funny writer and a serious prison reformer.' *Tablet*

When a villainous wizard escapes from exile, the devastatingly sexy Doomsday Brethren must defend all magickind in the spellbinding second book in bestselling author Shayla Black's seductive new paranormal series. Ex-marine Caden MacTavish has shunned his magical heritage all his life, but he will do anything to heal his desperately ill brother, a Doomsday Brethren warrior in mourning for his missing mate. Posing as a photographer, Caden must convince firecracker tabloid reporter Sydney Blair to reveal the source of her recent exposé on a supernatural power clash. Unfortunately, keeping his hands off the sizzling redhead proves as hard as getting them onto the potent and mystical Doomsday Diary he discovers at her bedside. A bloody rebellion led by an evil, power-hungry wizard is imminent. and magic -- even if it means risking his heart.

Tohru Honda is an orphaned teenager who comes to live with the Sohma family in exchange for housekeeping duties, but she soon comes to know the family secret.

Following the death of her worthy liberal parents, Corlis McCrea moves back into her family's grand Reconstruction mansion in North Carolina, willed to all three siblings. Her timid younger brother has never left home. When her bullying black-sheep older brother moves into "his" house as well, it's war. Each heir wants the house. Yet to buy the other out, two siblings must team against one. Just as in girlhood, Corlis is torn between allying with the decent but fearful youngest and the iconoclastic eldest, who covets his legacy to destroy it. *A Perfectly Good Family* is a stunning examination of inheritance, literal and psychological: what we take from our parents, what we discard, and what we are stuck with, like it or not.

Picture a frustrated office worker of twenty-five. One rainy, miserable Monday he resolves to grab life with both hands and embark on an adventure: the first entirely human-powered journey around the world. Although he had never been on an expedition of any kind and

had no money, Stevie and his friend Jason dreamed up a voyage that would take them from England to Hawaii by bicycle, inline skates and ocean-going pedal boat. For 111 days, they pedalled 7,500 kilometers across the Atlantic, and then crossed the United States to take on the challenge of the Pacific. Pedalling to Hawaii is hilarious, entertaining and refreshingly non-heroic, packed with thrills and spills as the intrepid and sometimes blundering duo make their way around the world. It is also a meditative account of a search for simplicity and integrity.
