In Situ Hybridization (ISH) is a technique that allows for precise localization of a specific segment of nucleic acid within a histologic section. The underlying basis of ISH is that nucleic acids, if preserved adequately within a histologic specimen, can be detected through the application of a complementary strand of nucleic acid to which a ...

Ramon loses confidence in his ability to draw, but his sister gives him a new perspective on things.

Features an audio read-along! A creative spirit learns that thinking "ish-ly" is far more wonderful than "getting it right" in this gentle new fable from the creator of the award-winning picture book The Dot. Ramon loved to draw. Anytime. Anything. Anywhere. Drawing is what Ramon does. It's what makes him happy. But in one split second, all that changes. A single reckless remark by Ramon's older brother, Leon, turns Ramon's carefree sketches into joyless struggles. Luckily for Ramon, though, his little sister, Marisol, sees the world differently. She opens his eyes to something a lot more valuable than getting things just "right." Combining the spareness of fable with the potency of parable, Peter Reynolds shines a bright beam of light on the need to kindle and tend our creative flames with care.

Ramon loses confidence in his ability to draw, but his sister gives him a new perspective on things.

Our desire to make things look, feel or seem perfect is dangerously on the rise and has dire consequences for how we feel about ourselves and how we live and work with others. Being more 'ish' - meaning somewhat, more or less, to some extent - is a more flexible and happier way to think and work. Care less about more, and care more about less.

A young food writer's witty and irresistible celebration of her mom's "Indian-ish" cooking--with accessible and innovative Indian-American recipes

My first real job. The first plant I kept alive more than a year. The first relationship I kept alive more than three months. In this hand-lettered and illustrated guided journal, you will have a place to record the firsts of becoming an adult. A new twist on baby books, *My Book of Grown-Up Firsts* is a charming and cheeky celebration of what it means to finally be a grown-up (sort of). From the first time you visited home without bringing dirty laundry to the first time you truly felt comfortable in your own skin, the small victories and meaningful milestones in this quirky, charming, and insightful journal make it a great gift and appealing journal for anyone starting out on the path of adulthood.

Easy, do-able, down to earth ideas and suggestions for everyone to help save the planet. If you want to save the planet, but your to-do list is already pretty long and remembering your re-usable coffee cup feels like a Herculean task, then this is the book for you. Covering every aspect of our lives from the stuff we buy and the food we eat, to how we travel, work, and celebrate. This book provides stacks of practical, down to earth ideas to slot into your daily life, alongside a gentle kick up the butt to put your newfound knowledge into action. Practical tips include unsubscribing from all the tempting emails that drop into your inbox with details of the newest clothing range or the latest sale, and keeping a mug next to your kettle to work out how much water you actually need to boil each time, as over filling kettles costs British households £68 million on energy bills each year. Find out how to fit "sustainable living" into your life, in a way that works for you. Change your impact without radically changing your life and figure out the small steps you can make that will add up to make a big difference (halo not included).

Features an audio read-along! With a simple, witty story and free-spirited illustrations, Peter H. Reynolds entices even the stubbornly uncreative among us to make a mark -- and follow where it takes us. Her teacher smiled. "Just make a mark and see where it takes you." Art class is over, but Vashti is sitting glued to her chair in front of a blank piece of paper. The words of her teacher are a gentle invitation to express herself. But Vashti can't draw - she's no artist. To prove her point, Vashti jabs at a blank sheet of paper to make an unremarkable and angry mark. "There!" she says. That one little dot marks the beginning of Vashti's journey of surprise and self-discovery. That special moment is the core of Peter H. Reynolds's delicate fable about the creative spirit in all of us.

100 updated classic and all-new Jewish-style recipes from a bright new star in the food community

SPECIAL PREVIEW! A rich and moving story about how one girl's celestial-sized dreams for a future on Mars go heartbreakingly awry when an unexpected diagnosis threatens her future. Things Mischa "Ish" Love will miss when she goes to Mars: lying on the living room floor watching TV, ice cream, her parrot Buzz Aldrin. Things Ish Love will not miss when she goes to Mars: mosquitoes, heat waves, missing her former best friend Tig. Ish is convinced that she'll be one of the first settlers on Mars. She's applied to—and been rejected from—the Mars Now project forty-seven times, but the mission won't leave for ten years and Ish hasn't given up hope. She also hasn't given up hope that Tig will be her best friend again (not that she'd ever admit that to anyone, least of all herself). When Ish collapses on the first day of seventh grade, she gets a diagnosis that threatens all her future plans. As Ish fights cancer, she dreams in vivid detail about the Martian adventures she's always known she'd have—and makes unexpected discoveries about love, fate, and her place in the vast universe. In this story perfect for fans of *Fish in a Tree* and *The Thing About Jellyfish*, Karen Rivers has once again created an unforgettable narrator who will pull readers into her orbit and keep them riveted until the very last page. Praise for *The Girl in the Well Is Me*: "Darkly humorous . . . Honest and forthcoming . . . It's in the quiet moments when Kammie is alone with her thoughts--which become surreal hallucinations—that the book comes alive." —*The New York Times* "A brilliantly revealed, sometimes even funny, exploration of courage, the will to live, and the importance of being true to oneself. The catastrophe draws readers in, and the universality of spunky Kammie's life-affirming journey will engage a wide audience. Moving, suspenseful, and impossible to put down." —*Kirkus Reviews*, starred review "Funny, surreal, occasionally heartbreaking . . . A compulsively readable story." —*School Library Journal* "I dare you to pick up this riveting novel without reading straight through to its heart-stopping conclusion. Karen Rivers has penned a dazzling voice, at once hilarious, heartbreaking, and searingly honest. *The Girl in the Well Is Me* is a triumph." —Katherine Applegate, Newbery Medal-winning author of *The One and Only Ivan* "A gripping story that doesn't shy away from dark places but explores them with heart, humor, and light." —Kate Messner, author of *All the Answers*
