publication is also a practical guide that helps IT service management (ITSM) professionals turn ITIL theory into practice through case studies, worksheets, templates and scenarios. The book assumes knowledge of ITIL and ITSM up to ITIL Foundation level, and begins with a discussion of the guiding principles of

ITSM. It goes on to explain how these guiding principles are essential for ITSM and how they relate to philosophies, frameworks and methodologies such as DevOps, Lean, Agile etc. The publication shows how following the CSI (continual service improvement) approach, and how the core skills of organizational change
