Consisting of several vignettes, often connected in thematic ways, or with the same premise or bookend situation, this anthology, doesn't stick to a specific genre.

'Feels Like Ishq' Review: Refreshing Take On The Age-Old Theme Of Love

"I think the way forward can come only from giving and take, so if we feel we will stick to whatever we are demanding, then you will find that there will not be any desirable way forward.

"Jodo Notebook" is a fully illustrated manual of the Basic techniques (Kihon) of Shindo Muso Ryu (SMR) and the Zen Nippon Kendo Renmei (ZNKR),and the 12 Kata of Seitei Jodo. It is an invaluable supplement to Jodo training to make learning easier and faster as well. Jodo (Japanese stick fighting) is taught either in Shindo Muso Ryu, or in the Zen Nippon Kendo Renmei under the name Seitei Jodo. Both systems share the same Basics (12 Kihon). The differences are in the Kata (12 in Seitei Jodo, and 64 in SMR), and the training with other weapons arts besides the Jo and the Sword (Tachi) in Shindo Muso Ryu (in the 64 SMR Kata). The ZNKR Jodo organization is by far the largest international Jodo organization. Very few books are available on Jodo. Jodo is taught worldwide, but newer literature in English is hard to get. Most of the literature is in Japanese.The Notebook is made to fill this gap in literature. The author is co-writer with George W. Alexander of The Dictionary of Japanese Martial Arts, and illustrator of The Way of White Crane Karate, both from Yamazato Productions.

The jo appears to be the lowliest of all tools—an ordinary length of wood—yet it’s an exceptional weapon. While no one speaks of famous jo makers the way they do of sword smiths, the jo is capable of snapping the best swords ever forged. Packed with information on correct grips, stances, postures and etiquette, the book also outlines striking methods, combination techniques, and a 31-count formal solo exercise called tandoku renshu, making it the ultimate resource for those who appreciate Japan’s most subtle weapon.

In the early 1600’s, master martial artist Muso Gonnosuke was defeated by Musashi Miyamoto. Humiliated, Muso isolated himself. During this period of time, he conceived the idea of a new form of staff fighting that used a shortened stick four feet in length. The Jo combines the techniques of the spear, sword and the naginata.

The jo is the Japanese 4-foot staff, originally taught with the ken (sword) in the samurai arts. Essential Jo is arguably the most comprehensive text on the subject to date, offering a course of study from white through to black belt in this practical, yet elegant, art. The book features over 900 professional black and white photographs accompanied by clear, detailed textual explanations. While it is intended primarily for students with experience in weapons arts, particularly jodo, the book can also be used by beginners for home study. The art of jodo makes an excellent addition to any martial art system. This is the first instructional text by award-winning martial arts writer and teacher Dan Djurdjevic.

In this book, the author explains the essence, truth, and wisdom of bushido, and, using many kinds of sticks, demonstrates the various techniques of stick fighting. Through detailed explanations and extensive pictures the author reveals the hidden reality behind this fascinating marital art. This book will help widen readers' perceptions, and deepen their understanding of stick fighting as the very essence of the martial arts, and how through stick fighting we can learn what of bushido really means.

The co-founders of the VISION54 coaching team challenge drill-based skill development, explaining how to build a successful golf swing by strategically addressing a player's specific technical, psychological, and physical needs. First serial, Golf Digest and Golf for Women. 30,000 first printing.

"Dictionary, n. A malevolent literary device for cramping the growth of a language and making it hard and inelastic. This dictionary, however, is a most useful work." Bierce's groundbreaking Devil's Dictionary had a complex publication history. Started in the mid-1800s as an irregular column in Californian newspapers under various titles, he gradually refined the new-at-the-time idea of an irreverent set of glossary-like definitions. The final name, as we see it titled in this work, did not appear until an 1881 column published in the periodical The San Francisco Illustrated Wasp. There were no publications of the complete glossary in the 1890s. Not until 1906 did a portion of Bierce's collection get published by Doubleday, under the name The Cynic's Word Book—the publisher not wanting to use the word "Devil" in the title, to the great disappointment of the author. The 1906 word book only went from A to L, however, and the remainder was never released under the compromised title. In 1911 the Devil's Dictionary as we know it was published in complete form as part of Bierce's collected works (volume 7 of 12), including the remainder of the definitions from M to Z. It has been republished a number of times, including more recent efforts where older definitions from his columns that never made it into the original book were included. Due to the complex nature of copyright, some of those found definitions have unclear public domain status and were not included. This edition of the book includes, however, a set of definitions attributed to his one-and-only "Demon's Dictionary" column, including Bierce's classic definition of A: "the first letter in every properly constructed alphabet." Bierce enjoyed "quoting" his pseudonyms in his work. Most of the poetry, dramatic scenes and stories in this book attributed to others were self-authored and do not exist outside of this work. This includes the prolific Father Gassalasca Jape, whom he thanks in the preface—"jape" of course having the definition: "a practical joke." This book is a product of its time and must be approached as such. Many of the definitions hold up well today, but some might be considered less palatable by modern readers. Regardless, the book's humorous style is a valuable snapshot of American culture from past centuries. This book is part of the Standard Ebooks project, which produces free public domain ebooks.
