Jayco JPod Outback Review Sam Richards – 15 August 2019 This lightweight, offroad-equipped capsule by Jayco is set to launch users into a simpler, more pared-back mode of camping – for just \$23,990.

A lethal joyride into today's new breed of technogeeks, Coupland's forthcoming novel updates Microserfs for the age of Google. Ethan Jarlewski and five co-workers whose names start with J are bureaucratically marooned in jPod. jPod is a no-escape architectural limbo on the fringes of a massive Vancouver game design company. The six workers daily confront the forces that define our era: global piracy, boneheaded marketing staff, people smuggling, the rise of China, marijuana grow ops, Jeff Probst, and the ashes of the 1990s financial tech dream. jPod's universe is amoral and shameless. The characters are products of their era even as they're creating it. Everybody in Ethan's life inhabits a moral

## Online Library Jpod

grey zone. Nobody is exempt, not even his seemingly straitlaced parents or Coupland himself, as readers will see. Full of word games, visual jokes and sideways jabs, this book throws a sharp, pointed lawn dart into the heart of contemporary life. jPod is Douglas Coupland at the top of his game. Excerpt from jPod: I slunk into the BoardX meeting where Steve, Gord-O, and staff from the loftiest perches of the food chain were still trying to nail the essence of Jeff the Charismatic Turtle. Prototype turtle sketches were pinned onto a massive cork wall, all of them goofy and teensploitational: sunglasses, baggy pants and (dear God) a terry-cloth sweatband. "Does Jeff the Turtle follow players around the entire time they manipulate their third person?" "Almost. Like Watson is to Sherlock Holmes." "Can you imagine how annoying that would be?" "Maybe the buddy isn't such a good idea." Steve squashed that hope. "It's going to be a buddy. Players will love it." "It's really Poochie-Joins-Itchy-and-Scratchy." "How am I ever going to look somebody who plays Tony Hawk games in the face again?" "Isn't our turtle supposed to be a bit more studly?" "Turtles aren't studly by nature." "What about the turtle they used in the 1950s to pimp the atomic weapons program? He was kind of studly." "No he wasn't and, besides, he's dead." "What?" "Dead. Hanged himself from the side of his posh midtown Manhattan terrarium. Left a note saying he couldn't handle the

shame of what he'd done. Wrote it on a piece of Bibb lettuce."

Een programmeur van computerspelletjes heeft problemen op zijn werk en tot overmaat van ramp begint de schrijver van dit boek ook nog zijn leefwereld binnen te dringen.

Plongée fatale dans le monde des geeks : Microserfs à l'ère Google ! Enfermés dans jPod, un studio de jeux vidéo à Vancouver, Ethan et six codeurs sont torturés par le service marketing et les défis idiots qu'il leur inflige. Un univers amoral et échevelé où la culture de marijuana, le trafic de clandestins, la danse de salon et l'essor de la Chine font et défont le quotidien dysfonctionnel d'Ethan. Jeux de mots et bizarreries visuelles : DouglasCoupland, à son meilleur, décortique une vie et des personnages à la fois produits et créateurs de leur époque.

Willkommen im jPod, Teil einer riesigen Spieledesignfirma und als solche die tagtägliche Tretmühle für Ethan Jarlewski und seine fünf popkulturversehrten Programmiererkollegen. Die jPodder liegen mit ihrem Marketingteam im Clinch, das sie Tag für Tag mit idiotischen Änderungen in ohnehin

schon idiotischen Spielen quält.

Ethan and his five co-workers are marooned in Jpod, a no-escape architectural limbo on the fringes of a massive game-design company. There they wage battle against the demands of boneheaded marketing staff who torture them with idiotic changes to already idiotic games. Meanwhile, Ethan's personal life is being invaded by marijuana grow-ops, people-smuggling, ballroom dancing, global piracy and the rise of China. Everybody in both worlds seems to inhabit a moral grey zone, and nobody is exempt, not even his seemingly strait-laced parents or Coupland himself ...

Douglas Coupland's inventive novel-think Clerks meets Who's Afraid of Virginia Woolf?-is the story of an extraordinary epistolary relationship between Roger and Bethany, two very different, but strangely connected, "aisles associates" at Staples. Watch as their lives unfold alongside Roger's work-in-progress, the oddly titled Glove Pond. A raucous tale of four academics, two malfunctioning marriages, and one rotten dinner party, Roger's opus is a Cheever-style novella gone horribly wrong. But as key characters migrate into and out of its pages, Glove Pond becomes an anchor of Roger's unsettled-and unsettling-life.Coupland electrifies us on every page of this witty, wise, and unforgettable novel. Love, death, and eternal friendship can all transpire

## Online Library Jpod

where we least expect them...and even after tragedy seems to have wiped your human slate clean, stories can slowly rebuild you.

YOU ARE THE FIRST GENERATION RAISED WITHOUT RELIGION What happens if we are raised without religion or beliefs? As we grow older, the beauty and disenchantments of the world temper our souls. We all have spiritual impulses, yet where do these impulses flow in a world of commodities and consumerism? LIFE AFTER GOD is a compellingly innovative collection of stories responding to these themes. Douglas Coupland takes us into worlds we know exist but rarely see, finding rare grace amid our pre-millennium turmoil.

They are Microserfs—six code-crunching computer whizzes who spend upward of sixteen hours a day "coding" and eating "flat" foods (food which, like Kraft singles, can be passed underneath closed doors) as they fearfully scan company e-mail to learn whether the great Bill is going to "flame" one of them. But now there's a chance to become innovators instead of cogs in the gargantuan Microsoft machine. The intrepid Microserfs are striking out on their own—living together in a shared digital flophouse as they desperately try to cultivate well-rounded lives and find love amid the dislocated, subhuman whir and buzz of their computer-driven world.
