and a voyage to an island of cheese.

A la suite d'un naufrage, Gulliver échoue sur Lilliput, une île peuplée d'individus dont la taille ne dépasse pas une quinzaine de centimètres. Il observe alors les moeurs étranges d'un royaume qui sélectionne ses ministres à partir d'épreuves physiques et déclare la guerre à ceux qui ne brisent pas leur coquille d'oeuf par le bon bout ! Mais le texte de Gulliver est-il seulement un récit de voyage fictif et burlesque ? En imaginant Lilliput, sorte de modèle réduit de l'Angleterre, Swift n'a-t-il pas plutôt pour dessein de dénoncer les travers de son temps ?

"Au matin, je voulus me lever, mais ne pus faire le moindre mouvement. J'étais couché sur le dos, les bras et les jambes attachés au sol de chaque côté par des piquets. Mes cheveux, que j'avais longs et épais, étaient fixés de la même manière. J'entendis autour de moi un bruit confus, mais dans la position où j'étais, je ne pouvais rien voir précisément. Je sentis bientôt quelque chose de vivant remuer sur ma jambe gauche, avancer doucement sur ma poitrine, puis monter à la hauteur de mon menton. Alors, je découvris avec étonnement une petite créature humaine..."

"Bien que l'on prétende souvent que justice punit et récompense, aucune nation, à

ma connaissance, n'a jamais appliqué ce proverbe à la lettre, sauf celle de Lilliput." Quand il échoue sur l'île de Lilliput, Gulliver apparaît comme un géant au milieu d'êtres aussi minuscules que hautement civilisés. A la terreur et la stupeur succèdent une intelligence mutuelle et une entraide qui motivent la longue escale du héros. Mais, bientôt, la situation se gâte... Un conte corrosif, derrière lequel se cache une critique virulente de la cour d'Angleterre, dont le succès fut immédiat et ne se démentit jamais par la suite. Objet d'étude : Dénoncer les travers de la société ; Dossier pédagogique spécial nouveaux programmes ; Prolongements : Lecture comparative d'images - A la découverte d'un autre récit de voyage imaginaire : L'Utopie de Thomas More. Classe de troisième.

This work is a study of philosophe fiction through comic irony that is its unifying feature. Readings are offered of exemplary philosophe narratives from Les Lettres persanes to Candide, Le Neveu de Rameau to Justine, as well as an analysis of the evolution of irony from the classical world of Montesquieu and Voltaire to the modern (and subversive) conceptions of Diderot and Sade. Professor Werner

argues for a new understanding of comic irony as inseparable from the philosophic aesthetic and, through Sade, an expansion of its usual canon of authors.

This work is an analytic bibliography of the writings of Jonathan Swift, containing a listing of every known edition or issue of Swift's work down to the year 1814 (except for the section "Biography and Criticism" which extends from 1709 to 1895). In this revised edition, Herman Teerink has added full collations of the works referred to. In addition, the titles of many 18th century mutations or parodies of Swift have been included together with works which allude to Swift or his writings. Arthur H. Scouten, a University of Pennsylvania professor of English and author of many bibliographical articles on Swift, who has carried on Dr. Teerink's work and prepared this volume for press, has consulted 18th century scholars and bibliographers. With their advice, he has kept the original Teerink numbers, since they are the common reference numbers among Swift scholars and are listed in dealers' catalogues. Because the new material and arrangement put these numbers out of order, they have been listed in a table at the beginning of the book with all the pages they appear on. So that they will not have to be sought throughout the entire volume, all the Faulkner editions have been placed together

and all the printings of Gulliver's Travels have been collected in one section, where they are arranged chronologically by country. A full physical description of all important books and pamphlets, including those discovered since 1937 (the first edition), has been provided. The work has been brought up-to-date with the bibliographical findings of Swift scholarship of the past twenty-five years. A number of pieces apocryphally attributed to Swift have been deleted or placed in the "Doubtful" section. Finally, entries of books and pamphlets containing contemporary comment on a work by Swift have been placed where Swift's work itself is entered. This book is especially rich in its listings of translations of Swift's works into foreign languages. Also, since the first edition (A Bibliography of the Writings in Prose and Verse of Jonathan Swift, D.D.) has long been out of print, this volume will be invaluable to book dealers, bibliophiles, and scholars, teachers, and students of English literature.
