When monsters appear on Earth, Maggie MacKay is on the job. No one is better at hauling the creepy crawlies back where they belong. No one, that is, except Maggie's dad, who vanished in the middle of an assignment. Now, an elf named Killian has shown up with a gig. Seems Maggie's uncle teamed up with the forces of dark to turn Earth into a vampire convenience store, serving bottomless refills on humans. Ah, family... The only hope for survival lies in tracking down two magical artifacts and a secret that disappeared with Maggie's dad. WARNING: This book contains cussing, brawling, and unladylike behavior. Proceed with caution.

A Pulitzer Prize winner makes her debut for young readers. Jane Smiley makes her debut for young readers in this stirring novel set on a California horse ranch in the 1960s. Seventh-grader Abby Lovitt has always been more at ease with horses than with people. Her father insists they call all the mares "Jewel" and all the geldings "George" and warns Abby not to get attached: the horses are there to be sold. But with all the stress at school (the Big Four have turned against Abby and her friends) and home (her brother Danny is gone—for good, it seems—and now Daddy won ' t speak his name), Abby seeks refuge with the Georges and the Jewels. But there ' s one gelding on her family ' s farm that gives her no end of trouble: the horse who won ' t meet her gaze, the horse who bucks her right off every chance he gets, the horse her father makes her ride and train, every day. She calls him the Ornerly George.

Hilarious and brimming with sarcasm, a book written by the host of the Fox News Channel's Red Eye uses countless examples from today's headlines to replace what he sees as the idiocy of openmindedness with a shrewd judgmentalism that rejects stupid ideas, notions and people.

Hebrews 5:13 For every one that useth milk is unskilful in the word of righteousness: for he is a babe. Vs 14 But strong meat belongeth to them that are of full age, even those who by reason of use have their senses exercised to discern both good and evil. (Both Meat and Milk are RAW)

In Volume Two of Ernest Fortin: Collected Essays, Fortin deals with the relationship between religion and civil society in a Christian context: that of an essentially nonpolitical but by no means entirely otherworldly religion, many of whose teachings were thought to be fundamentally at odds with the duties of citizenship. Sections focus upon Augustine and Aquinas, on Christianity and politics; natural law, natural rights, and social justice; and Leo Strauss and the revival of classical political philosophy. Fortin's treatment of these and related themes betrays a keen awareness of one of the significant intellectual events of our time: the recovery of political philosophy as a legitimate academic discipline.
